Two Sides Of Terri (Terri Trilogy Book 1)

Synopsis

Bill has just about the perfect life. Good paying job. Lovely home. Perfect children. And most of all, he has his wife Terri--smart, funny, great with the kids. Thing is, she's a good girl trapped in a bad girl's body. Blonde, busty, and devastatingly beautiful, she makes him want to do dirty things--things you don't admit to wanting from the girl-next-door. Or so he thought. It starts with a revelation about Chucky, a past boyfriend, and everything he thought he knew about his sweet wife unravels. He becomes obsessed with learning more about this other side of Terri--and everything he learns points back to Chucky, a man she couldn't say no to. Does he dare invite her past back into their present? And if he did, would she now be able to say no? This updated edition includes a Q&A with the author about the book and an excerpt of the sequel, Tempting Terri.

Customer Reviews

Apparently this is the first cuckold story Ben Boswell published in this format. I arrived here after reading a selection of his later works in this genre and you could say that, by extension, my

comments on TST apply in a general sense to the others. Here's why. Boswell uses and reuses a standard Lego-block formula. 30-something couple, upper-middle-class, successful, stable relationship for at least seven years, with young kids. Wife lets slip something about her past or a momentary indiscretion. Husband seizes on this as it unlocks a easy puzzle-box of his own sexual fantasies. Namely, to see or hear recounted (and ultimately to participate in) his wife's rampant infidelity. The story is told mainly from the husband's perspective with plenty of introspective (and often shallow) internal dialog. Now, here's the next part. Quite remarkably the wife (a model PTA cookie baker) is *always* a closet nymphomaniac who requires just a mild nudge from hubby to jump the bones of one or more willing co-respondents or men of mystery. There's nothing subtle about this revelation: no build up or reluctance - the thought Ka-pow! is the action. Finally because Boswell is philosophically opposed to "burn the bitch" outcomes, the couple always end up working out a going-forward modus vivendi based on mutual understanding, freedom from jealousy and commit never to hold evidence of their morally questionable actions over each other's heads. Happily ever after. On to TST.... Plus Factors: 1. Slick wee erotica yarn of novella length that delivers an enjoyable, romping read for the price of a cup of indifferent coffee. 2. Well written at the technical level, with only a few grammatical oddities (e.g 'peaked' instead 'piqued'). 3.
