This is an excellent books for the multitude of plays within. Beware- it's HUGE. We used it in our graduate script analysis class and it saved us a lot of money because it has all the top notch plays your professors will teach. Definatly worth the money.

I really liked getting my book for school! It was in better condition than the book I was going to rent from the campus. And it was less money too! Thanks a whole bunch! :D

Needed this text for one of my classes, ordered it at the end of the first week and received it in the middle of the next. True to the listed condition.

This book provided everything I needed to earn a passing grade in my Theatrical Drama course. It includes many great stories!

I actually got this book because I had a Drama Class in Literature. It served it's purpose and it's a

great read.

i wish it was in better condition but i bought it as is. great book though. i read it everyday
