Customer Reviews

This book from Justo GonzÃ¡lez, together with Vol I, are an excellent introduction to christian history. GonzÃ¡lez is a master mind bringing relevant general history and matching it with specific christian thinking development. The text distinguish itself by being extensive covering multiple historic events but sometimes kind of shallow due to space limitations. Right now this collection is the best introduction available for theology students.

Es tan valioso como el "L Historia del Critianismo No2 y conviene tener los dos Tomos, son muy valiosos ambos Libros..

Great exposition.
