# Hook Up: A Bad Boy Sports Romance

## Synopsis

Bad Boys Play Hard...in Texas  
Chris 'Texas' James  
I'm the fastest cornerback on the best team in the SEC, and my future looks bright. The NFL has ranked me in the top 50 overall potential draftees. I have to keep working hard to make it there. I drove home to El Paso, Texas to see my folks for a week before the start of senior year and Fall camp out in Baton Rouge. While I was back home, one of my crew threw a party for me at the Raging Bull Saloon. That's when I first met Josephine. She was a sweet little curvy redhead with a mouth wanting to be tamed. Oh, the things I could do with all those curves. We had one scorcher of a hookup in the men's restroom. Then we went our separate ways... until I saw her again beside her junkyard jalopy, broken down at the side of the highway. Who knew a random hookup could end up taking us places. Josephine (Jo) Quinn was leaving El Paso. I had no one left alive in these parts who gave a crap about me, and no reason at all to stay. After a talk with my only sister in New Orleans, I decided to pack it up and get the hell out. The night before leaving it all behind, I took a detour at the Raging Bull Saloon to let off some steam. That's when I met a big strong football player with arms that picked me up as though I was light as a feather...which I ain't. We had one hell of a restroom hookup. Then I went home and got my stuff together. I just didn't figure on my old, piece of crap Frankencar giving up the ghost on the side of the interstate. And I sure as hell didn't plan on what came next with cornerback Chris. \*Author's note. Hook Up is a full length, standalone sports romance story with a HEA ending and no cliffhanger. This story is light on football and heavy on steamy romance.

## Customer Reviews

I really enjoyed this one ... a short, sweet and sexy story with a great plot and well developed characters. Chris, who is riding his hometown fame meets a red headed curvy vixen at bar and due to blazing hot chemistry they get it on in the men's restroom. Only this bombshell changes his life for longer than the one time hook up she was meant to be. Smart mouth, bad ass Jo is heading out of town. She barely makes it to the next town before her car dies on her leaving her stranded on the side of the road. That is until none other than her bathroom hook up Chris comes to her rescue. On 24 hour trip together across the country, these two take the word "Hook up" to a whole new level ... one that ends in love. It's been a while since I thoroughly enjoyed a novel as much as I did this one. I read Slade's and Cassidy's story in the back of another novel as it was an added bonus and loved it. Glad to see this is actually a series. There's nothing heavy or emotional about this story, it's light, fun and packed with steamy sexy times but each character was so uniquely written and created, I couldn't get enough. I loved Chris, he was such a sweet alpha male; stern and demanding but very respectful of Jo's independent nature. Jo was down right rude and daring but I loved her foul mouth and all. Her and Chris just made such a cute couple. Even the side characters were great; Pat, Tre and Chris' family were all great characters. I can't wait to read more and see where this series takes these characters.

Absolutely loved this story! The couple were destined to be together. Chris was so heartwarming the way he interacted with his siblings. I also liked the connection his mother has with Jo. Can't wait for the next one!

I love Chris and Jo's character in this book. How strong willed Jo was to survive on after a few family deaths and then how the sexy loving cowboy Chris was to her. Great dynamic between the two. Chris's true football buddies were awesome as well. Thrilling read!

I love this book, am from el paso ,Texas and football is a major part of our town. I recommended this book I couldn't but the book down. I give five stars ♂ ♂ ♂ ♂ ♂ . Love, sex, hook

up,football, a true gentleman. Looking forward in reading more of Bella Love books

Chris, who is riding his hometown fame meets a red headed curvy vixen at bar and due to blazing hot chemistry they get it on in the men's restroom. Only this bombshell changes his life for longer than the one time hook up she was meant to be. Chris is a college football player who was raised with manners and to care about others. Smart mouth, bad ass Jo is heading out of town since she lost her aunt and her home, so she is making a move from El Paso to New Orleans to stay with her sister. She barely makes it to the next town before her car dies on her leaving her stranded on the side of the road. That is until none other than her bathroom hook up Chris comes to her rescue. On 24 hour trip together across the country, these two take the word "Hook up" to a whole new level ... one that ends in love. Their relationship that ensues is fireworks and humor. Chris is always polite and well mannered. He really helps Jo find her lost soul. This is a sweet sports read and pretty well defined story line. I would recommend this story to anyone who wants to read a sexy and funny, yet sweet romance.

This is the first book I have read by Bella and I am hooked. Cannot wait to read more. Jo and Chris met initially as a hook up, no strings attached. That reasoning does not last long and it was a terrific read to be a part of.

Loved Hook Up! Chris is a well mannered, Texas boy. Jo is a feisty, independent, red head. When they meet sparks fly. Written from both characters point of view and Bella does a great job of switching between the two. At first you think Chris is like any other alpha but he's been raised well and loves his family. He plays hard and studies hard. Jo isn't one dimensional either. There is a soft core to her hard exterior but she's quick to know when she has overstepped. Steamy scenes between the two keep you reading and wondering if these two will get the happy ending they deserve. Great book!!!

It was like wham bam thank you ma'am, I'll save you from everything that's bad happening in your life, to I wanna be your man, stay with me and last I love you now here's are HEA. I just summed up what that book was about in one run-on sentence. I gave it 2 stars because it started off hot and then fizzled down from there. There was no love connection between Jo and Chris, so it was confusing and hard to believe in their HEA.
