## Customer Reviews

A lot of Spanish readers have giant chunks of Spanish, followed by chunks of English translation; when done properly, the translations can help if you run into an expression that throws you with its literal translation, but it can confuse you terribly if the author isn't terribly fluent in English... This book is completely different from most, in that the chapters are one page each so you're progressing quickly, rather than slogging through full chapters, and so far, a fun story in fairly simple Spanish. The simple phrasing and story allow me to mostly make it through the book on my own, and since I'm not looking up every other word, I'm able to better read aloud, take in more of the grammar, and enjoy the story uninterrupted by the vocabulary checking that I have to do in some other books. If there's any English translation, it has to be at the back of the book, because I haven't run into any so far.

I ordered this twice and 2x I was not able to open it. I called tech support and they conceded that there is something wrong with it. They said they would contact the author. I'm not sure that was done or if he would be able to fix it.

Fantastic way to start extending spanish knowledge. I'm using Duolingo (highly recommend) to learn basic spanish words, and this book is helping me get conversationally fluent in basic Spanish. I will be continuing on with this series when I finish this book.kyler

It was very useful for practicing reading in Spanish. I liked that I was able to understand most of what I read, and the dictionary it instructed me to download helped with most of the rest. I did have some difficulty with the dictionary, but that's not the author's fault. Overall, a fun, engaging book that let me use the Spanish I know and learn more.

I've been looking for a Spanish book at the elementary level. My Spanish is rudimentary and I want to read as much as I can, progressing as a child might. This is perfect for me. The vocabulary is basic, but not too basic (a bit beyond John has a dog. The dog is brown.). Would like to have more like this.

I have tried this e-book on my Kindle, my Kindle app on my Galaxy S6 and on my laptop. Once it is downloaded, it hangs up on a Kindle gen 7, Kindle Paperwhite AND on my Android. I can get no answers from why, just that it is something they "need to contact the publisher about", which doesn't seem to happen. I went through troubleshooting, resetting my device, deleting and re-adding the book as well as getting a refund for and purchasing it all over again. I absolutely LOVE these readers, but cannot get them to work! Has anyone else had these problems?

For some reason my builtin Spanish dictionary doesn't work with this title. Beware of that if you expect to use the dictionary. But the content is fine. I can recommend it to the beginners.

I'm just starting to learn Spanish, and this was a perfect short story to challenge me. I didn't know most of the vocabulary, but I could figure out the basics of the story and learn as I read. Thank you!
