Customer Reviews

Reading a cozy mystery omnibus is normally an enjoyable and often interesting thing. I've read a lot of them over the years, and they grow on you, with either quirky characters or quirky mysteries. You need at least one, and preferably both to have a good series. They're both missing in the books in this omnibus. The authors appear to have put EVERY book they've ever written into this one. One might expect to see the variety of prose and story that they've come up with, and myriad character studies, and some interesting mysteries that make you think a bit. But you'd be wrong.With one exception, the authors started every book the same way, with a scene right before the climax, like a bad Quinn Martin TV show, or a more involved teaser after the commercials of an episode of NCIS. She has a penchant for using numbered lists (in dialogue and exposition), and the word "breautufl". All the characters are cardboard and could be switched around like Colorforms and have no effect on any aspect of any of the stories. Which is sad, because adding my G.I. Joe Colorforms to my Peanuts always made for some interesting adventures.The formatting on the book was extremely mediocre; indents and centering are sporadic; one book wasn't even listed in the Table of Contents, nor had a link to which it could be reached. If you bought it on a chance like I did when it was free, you wouldn't even know the book was there. All the books in the collection could've used at least one more pass through a proofreader, as there were a bunch of errors.

I thought the cozy books were supposed to be clean. This book is full of sex starved seniors and lots of sex talk. Not so cozy.

Book 1: Murder She TypedRead and reviewed on Book 2: Murder By The BookIzzy and Flo are in a seniors book club. They are trying to solve the murder of an author that was killed at a book signing. The author was promoting a tell-all book and was writing another. Plus, one of the book club members is accused and Izzy didnâ [™]t think she did it.Book 3: Murder Takes A HolidayIzzy go to a holiday party with Rushmore, a retired police officer. While there, her new friend asks her to find out if her husband is cheating on her. Additionally, while theyâ [™]re there a man falls out of the chimney in his underwear. There is also a Santa handing out chocolates to all the women. Book 4: Murder Over Miamilzzy goes to a wedding of one of her school classmates. She sees her old friends. She stays at her cousinâ [™]s condo and meets new friends. Claire, an old friend, looks scared and wants to talk to Izzy later and then dies. One of Izzyâ [™]s friends from an old group of friends is missing at dinner.Book 5: Nothing Bundt MurderRead and Reviewed On Book 6: A‰clair Case Of MurderRosie, doing a story on the crisis center, answered a call. Rosie thought she did a good thing, but after a party she worked for her Nana, she figures out the caller. The next day, the woman ended up dead. Rosie thought it was murder, so she went about to solve the case. Book 7: Haunt FlashesArden moved into a house with a ghost, Carlo: an old actor. He wouldnâ ™t let the heater run to try to make Arden find a ring he was going to give his love. There is a murder ghost relationship issues.

I love a boxed set because it is such a bargain. I especially love mysteries that include cupcakes and cats and this boxed set includes those things. It is a great set of 7 books and I highly recommend them to mystery lovers.

Books are funny and entertaining. I put some violence because these are murder mysteries so there is reference to guns and killing but very minimal. Sexual content is also very minimal, but for a few minor innuendos. Great collection! Easy reading as well.

Love the main character. Love the stories. They're humorous. Perfect to read before bed. The only negative thing I have to say is there are many editing mistakes. A little distracting, but I love the stories.

I am only halfway through this series & love it! These books really appeal to me, I understand and enjoy the age/ages of the characters. I catch myself smiling & laughing & sleuthing along with her plots! Great job Ms. Selfman! I will read everything you chose to publish!

A marvelous series of books! I was sad after reading series was read,. I will miss the colorful characters, the way the author made the mystery unfold in each book. I read he entire set in two sittings. Loved this series of books. I hope there are more books with the same characters.
