Customer Reviews

The book was ok. I'm happy that it wasn't based only on sexual gratification. I like the fact that it was a male character that was the blue collar worker and the woman character that had the money. What I didn't enjoy was how much of a cry baby Tobias was. I mean, grow a pair. Otherwise, it was a decent read.

The story seemed rush. Just when the story gets good it ends. The story was based on the lawsuit

and it was never resolved. That was skipped over. I would have also liked to have seen the evolution of their relationship.

Amazing story. I loved the bond between Raquel & Tobias. She has never had love from the people closest to her. Tobias showed her how to release the pain of her lost daughter and let love re-enter her life. Adrian was a horrible brother. It had to take Raquel to tell him she was depressed for 2yrs and felt like not living another day to get him to wake up. This story shows how people in the same little situation can help each other heal from pain. Friends & grandma knew the deal and had to make them realize...Money doesn't rule the heart when two people love each other regardless of their financial status.

I would have loved to have seen more fire between Raquel and Tobias, but then this story really was centered around healing, moving on, not let loss cause you to bury yourself in the darkness, and it is not judging a person by what you see on the outside. Tobias saw Raquel and treated her worse than a Hood Rat because she was responsible for being the reason why him and so many others lost their jobs. His mouth said stay out of my life and stay away, but in time both of these characters learn the truth about not only themselves but each other.

This is my first time reading this author's work, and it was an okay read for me. I found myself struggling through the story, and just couldn't complete it. The chemistry between Rachel Hood and Tobias Criss seems forced.

I have read quiet of few of Stacey-Deanne's books and enjoyed them all and this obe was no different. This is Raquel and Tobias's story. Tobias blames Raquel and her brother's company for him losing his job and therefore his ability to take care of his sick child and for that he resents Raquel. He is not able to give into his attraction to Raquel because he sees her as the enemy. Tobias and his friends are very rough on Raquel when she tries to mediate the situation with Tobias and his workmates. Raquel took the abuse quiet well. While I was reading how he was speaking to her I thought wow this rhetoric was intense!!! Raquel takes it and tries to help Tobias and the others but they totally reject her. I thought she has some thick skin to endure all that and go back for more. What I really liked about the story is the fact that for once the woman is the one with all the money and the man is the one who is poor! I loved that she was not at Tobias' mercy. I enjoyed the read.

A very clean story line that was true to life - there was a lot of anger and mistrust, but compassion and caring about humanity was brought this story to life. Love does not know the color of our skin.

This book was very sweet and refreshing! The story was great exactly what I needed. It kept me smiling the entire read. My favorite part was the little girl. Nothing tugs at a man's heart like a baby girl!
