Five Miles South Of Peculiar: A Novel

Synopsis

If these three sisters don't change direction, they'll end up where they're going. Darlene Caldwell has spent a lifetime tending Sycamores, an estate located five miles south of a small town called Peculiar. She raised a family in the spacious home that was her grandfather's legacy, and she enjoys being a pillar of the community. Sycamores is the kingdom where she reigns as queen . . . until her limelight-stealing twin sister unexpectedly returns. Carlene Caldwell, veteran of the Broadway stage, is devastated when she realizes that an unsuccessful throat surgery has spelled the end of her musical career. Searching for a new purpose in life, she retreats to Sycamores, her childhood home. She may not be able to sing, but she hopes to use her knowledge and experience to fashion a new life in Peculiar, the little town she left behind. Haunted by a tragic romance, Magnolia Caldwell is the youngest of the Caldwell girls. Nolie has never wanted to live anywhere but Sycamores. She spends her days caring for her dogs and the magnificent gardens she's created on the estate, but when she meets a man haunted by his own tragedy, she must find the courage to either deny her heart or cut the apron strings that tie her to a dear and familiar place. Can these sisters discover who they are meant to be when life takes an unforeseen detour? In a season of destiny, three unique women reunite and take unexpected journeys of the heart.

Customer Reviews

When three sisters and one battered-soul pastor find their lives entwined on a grand Florida estate, they begin to see themselves and each other from a new perspective. Secrets, scarred hearts and hurtful memories give way to self-discovery as each takes a journey down an unexpected path. Award-winning author Angela Hunt brings us FIVE MILES SOUTH OF PECULIAR to small town Florida, where God takes four people with broken dreams and shows them the healing power of grace and the miracles that happen when you change trajectory. Darlene Caldwell has lived in her twin sister's shadow since Carlene's angelic voice was discovered when both were just children. Soon after Darlene first wowed her family and community, she began to get all the attention. Even their mother was so occupied with Darlene's budding career; she seldom had time for Carlene and little sister Nolie. Later, when Darlene married Carlene's ex-boyfriend, she spent her married life believing her husband's true love would always be her twin. But Carlene had no interest in sticking around town or getting married. She headed for New York and became a Broadway star, while Darlene stayed behind to run Sycamores, the estate bestowed on them by their grandfather. In a shrewd legal move, their grandfather had arranged for Sycamores to belong to the Caldwell family for 50 years after his death. Only six years remains before Sycamores becomes county property. This poses no problem for the theatrically and financially successful Carlene, but for Darlene and Nolie, a future without Sycamores is a frightening thing. Darlene and Nolie have no idea that Carlene is facing her own fears about the future. The Broadway singer's throat surgery did not achieve the expected results.
