Customer Reviews

In *The Prodigal*, the Ebersol family is growing up and away. Mary Ruth has turned Mennonite and married Robert, the doctor's son. She is expecting her first child. Lydiann is up to her rumpspringhe years already, and has met up with Jake, who unbeknownst to both of them are aunt and nephew. It will be discovered by Leah that Sadie's so-called stillborn son is still very much alive. She makes that discovery by accident while working for the doctor. What she soon discovers is that the doctor had switched the babies around when Fannie Mast really did have a stillborn child, and one living boy. Then when Sadie's baby begins breathing suddenly, he gives Sadie's boy to Fannie, knowing it would avoid disgrace to the Ebersol family and more severe punishment to Sadie herself at that

time. So Jake grows up in the Mast family all these years as their own boy along with his twin. It wasn't until Leah discovers that Lydiann is dating him, and to her horror, she must break these two apart. So Jake is sent away to the Ohio Amish community there to work as Jonas's apprentice. The Mast family and the Ebersol's are estranged anyhow as Fannie and Peter felt that Leah was the cause of Jonas's shunning, and they never forgave for that. And poor Sadie. In order to get accepted fully again into the Amish community and her family, she has to go through a period of proving which means she must not wander far away from the house. Something happens that she does break the rules a little bit when she goes outside to far after her sister Mary Ruth. The bishop Bontrager catches her in the act, and very cruelly wants her out away from her family. She goes to live with the Nolts for awhile until the bishop is talked into bending a little by Gid, Hannah's husband. But this time is really her last chance.
