Wow!!! This series was breath taking... I couldn't put it down from the beginning of the 1st book... I went through a full box of kleenex.. it sheds a whole new light on dark romance... you can feel the characters so well... I've definitely become a new fan and look forward to reading a lot more from JC Cliff...

This book had a little more eye rolling factor in it. I just felt like sometimes the characters were too over the top. The conclusion was good. But some of the conversations between the characters were awkward.

Tragic events can leave a huge scar in your life and with it can come deep depression and suicidal thoughts maybe even action. Through time and treatment scars can heal and life changes. This story started out sad, crazy, and maddening. It tells you of a story of a sick crazy sex trafficker stalker. He falls in love with a girl that is 16 years old but waits until she is 21 before he decides to take her from her life. He drugs her and has another man train her to be a perfect submissive. That other man also sees her and falls deeply in love with her too. Abuse, drugs and mind games and being on the run and you have a story but seriously I had to do a lot of skimming to get through this trilogy. Near the end of the book where her mind went blank was understandable but how Travis made her come back without professional help not believable. Don't judge a book by its cover like me. Storyline: 3 Heat 3.5 Overall: 3 (same story but an HEA) Recommend: Maybe (at least all 3 books are out)

The Blyss trilogy is an exceptionally written story with twists & turns & villains & heroes that at times your not sure who the hero is. But one thing is for sure there is a lot of love, hate & hurt to go around. I've read the Blyss trilogy & Quinn can't wait for the story behind Striker —

This third and final book was a great ending to this series. I cheered for Travis and scratched my head at Nick. Both loved Jules in their own way. I liked the wrap up and the ending didn't seem rushed like some other books. The author tied up loose ends with a nice bow! I would highly recommend this series!

This was such an awesome, different, amazing series and I am sad to see it come to an end, but holy crap what an ending!! J.C. did an amazing job on this series. This series, story-line was different from anything I had ever read and pulled me in from the very beginning. I couldn't wait to see where the author took this story in the end. The characters pulled at my heart strings, even Nick a time or two. "This must be what it feels like when love and hate collide, and then intertwine, creating mass confusion and mixed-up feelings. I feel so discombobulated over my unsorted feelings." When we left off in the last book Travis and Jules had been found ... in this book we pick up right where the last one left off. The chase has begun, poor Jules turns into a captive ping pong ball bouncing back and forth. Her world crashes comes to a screeching halt when she finally makes it back to her father and she is bombarded with truths that break her spirit. "I bet you didn't know you can have happiness amidst the sorrow. You know why? Because you still have hope." "No, I don't," I argue, my voice coming out raspy. "Yes, you do. As long as you have God, and hopefully me, by your side, you'll have hope." "Will Jules' world ever be right again?" This trilogy took us on an amazing journey, one that made me feel so many different emotions, one that dealt with taboo subjects like sex trafficking, made me feel bad for the bad guy a little, and left me wanting more!! Great job JC Cliff, I can't wait to see what you come up with next!!

4.5 **** Finally all secrets come out, even those you had no idea existed. If you've read the first two, you need to finish the journey. As in the previous I really liked Julianna and her refusal to give up. Will she be able to continue being strong once she uncovers the truth? And Travis, oh I loved him since book one and that does not change in this one. I liked seeing him with his friends and even caught myself laughing a time or two. His devotion to Jules really shines through. I would like a book either about Stryker, "Rambo", or even Nick. I want to see what happens with these characters in the future.

This is book #3 in JC Cliff's trilogy and by far I think it was the best!!! Each book built beautifully on the preceding one to create a terrific spell-binding story arc. There is humor, passion, binding

friendships and a twisting plot that keeps you turning page after page til the end. I would love to hang out with Travis's buddies on a regular basis!!! The only thing I didn't like was the epilogue. I felt it detracted from what I found to be a classy, different series.. it was just typical of these Genres. I feel JC CLiff is a new, exciting author and found it disappointing she choose to end her book with a typical gratuitous drawn out sex scene and then the 5 year old shows up. That being said...it is a great book nonetheless and I look forward to her next endeavor.. JC CLiff is an amazing author.. unique story line and well written.. keep it coming..
