## Customer Reviews

I received a copy of this book in exchange for an honest review. I loved this book. There's a great story line but also a menage romance between twin brothers. This will definitely be going under erotica in my library. Summer is a linguistics expert in Slovenia participating in Operation Smile. A chance for underprivileged youth of the country to surgery so desperately needed. There she meets Holt and Hayden. They are the surgeons at the camp helping the unfortunate kids. Little does Summer know they are also the twin crown princes. Summer has been crushing on the princes since she got to Slovenia, little did she know they spotted her as soon as she got there only they've

been trying to avoid her. The princes know Summer can be their downfall so they stay away until one day she's trying to clean blood off her uniform and they are in the shower. After that day in the shower Summer and her friend are sent home. Some rebels got into the camp and bound them. Afraid of backlash they leave and though she tried to contact them they never responded. Summer moves on until her mother tells her she's going to Slovenia to her boyfriend Crown Prince Halson and Summer is invited to join them. She doesn't know this is for their marriage. She also doesn't know the men she had a menage with are his brothers. Once she gets to Slovenia she realizes how much she missed the guys and when she sees them she hopes they feel that way too. They definitely feel that way and have decided they don't care, they want Summer and aren't going to let anything stop them. This was definitely erotic with a really great story line underneath. I liked that Summer was smart and not some bimbo who got lucky. She was bilingual hoping to work for the UN one day, still in school and knew all about Slovenia and their history. This book was best of both worlds, erotic and romance. I'll definitely be on the lookout for more from this author.

Summer is interning as a translator while on a trip to the country of Slovenia. She and a couple other girls are there to translate between Slovenian patients and American doctors during Operation Smile--where the doctors are fixing children's cleft palates. Summer isn't like her other classmates in that she didn't grow up with money. She works hard for scholarships for college and was awarded a special grant in order to go on this trip. She's worked hard and studied even harder to learn about the people and their history. What she didn't count on were the two hot twin doctors that set their sights on her! Twin doctors and princes to Slovenia, Hayden and Holt, love watching the curvy translator Summer. When they finally get her alone, they take her to sexual heights she's never experienced. When things take a turn for the worse with the local rebels, Summer and the other student interns get sent home. The twins never reveal their secret to Summer about who they really are, but send her off with a great memory. After being back in the states for a while, her mother informs her that she and Summer are going on a long weekend to Slovenia with her mom's new boyfriend, Prince Halson. Imagine her surprise when she finds out who Halson's brothers are!! Cassandra delivers even more surprises with this book of twins. I definitely liked the story line better in this compared to Double Bang. The twins in this book are after more than just fame and fortune, and Summer is a lot smarter than the average coed. \*\*I was given an ARC in exchange for an honest review\*\*

Loved reading the story had a lot of unexpected twists and turns in it. That's why I had a very hard

time taking a break while reading it. I have some friends who also like books like this who I have recommended this book to. Need to find a few more like this one.

Double the Crowned Heads, double the snugness! That's exactly what Summer is in for when she goes to Slovenia to participate in a program for underprivileged kids who desperately need surgery. Summer is at the camp as a linguistics expert, for Operation Smile. While there, she meets stunningly gorgeous Twin Brothers, Hayden and Holt, Surgeons there to help the kids. Summer is totally enamored with the two brothers, but she doesn't think they were even remotely interested in her... until she goes to the showers to try to clean blood off her uniform. Boy was she in for a surprise, a double surprise. The Twins were showering and this is the part where it starts getting steamy... in the shower. After that day in the shower, the camp was infiltrated by Rebels. Summer and her friend are sent home. Summer tries contacting the Twin Doctors to no avail. Eventually, she gives up and tries moving on. Next thing she knows, her mother is inviting her to Slovenia to meet her boyfriend, Crown Prince Halson. Little does she know, it's for their wedding... and the twin brothers she had a shower ménage with? Halson's Brothers and Crown Princes of Slovenia. Things are about to get carnal up in there... Doubly Carnal for Summer and her Double Princes! Cassandra Dee never fails to write the best ménage stories. She always makes it interesting and engaging, not to mention Hot as all HELL... Definitely can't put down her books until I devour every morsel.\*\*\*\*I received this Author Copy in exchange for an honest review.\*\*\*\*
