## Customer Reviews

This story was just all right for me.I liked the premise -curvy heroine trying to work past her mistakes; low self esteem / needing a loving touch to growsexy hero / loner who finds his mate and has to fight for herBut the plot and the characters were not quite developed enough for me to enjoy. I couldn't understand why Ali let her sister in law speak to her with such disrespect. I despised the older brother. Not only did he lie and disrespect her, but he also pretty much called her a sl\*t to her face.I appreciated that Grey stood up for her, and am so glad he made it a point to listen to her and treat her respectfully. But he came across as so passive.When I read a shifter book, I certain expectations. I expect the her to have a little less kind, emotional reactions, and a bit more testosterone / animalistic behavior. More dominance. A bit more aggression. He doesn't have to be a jerk. But he shouldn't calmly stand there and watch his mate walk away; or her brother and ex verbally abuse her.I liked the spirit of the ending. It did have an HEA.Overall, the writing was pretty good. The sex was hot. But the characterization and plotting could have been fleshed out a bit more for me, personally.I think I will try another story by this author. I did like the world building.

My Thoughts - 5 out of 5 Unicorns - I loved it!!!\*\*\*I bought this on September 4thThe cover is absolutely beautiful! It is what made me one click this book!This book is only about 100 pages, but packed with an awesome story that will entertain you! It is for adults only due to the steamy content.Okay, confession time! This is the first book Iâ ™ve read of Zoe Chantâ ™s, but here is the shocking part, I own 45 of her books that Iâ ™ve been buying since April of 2015. Reading books by authors you know can sometime make it hard to switch up to a new author even for a hoarder like me.I absolutely loved this book! Most know that shifter books are my favorite, so I knew I would enjoy the book. I am definitely going to be reading my collection of Zoeâ ™s books more in the future. I loved both of the main characters in this book Alethia and Grey. Alethia is strong and passionate, but she has been hurt and lead to some bad decisions. I loved Grey from the moment he stood up for Alethia even though he didnâ ™t know her. He has character and integrity that I wish most of humanity had.I highly recommend this book to every shifter lovinâ ™ reader out there because this book was just awesome! I canâ ™t wait to read my next Zoe Chant book!

Nice short story about people with a past. I gave it four stars because it was wrapped up much too

quickly. I would have liked to learn more about the main characters. It was a bit formula. Boy meets girl, saves girl from creep, takes her home to his house same night and by the end of three days they had decided to be forever... More please. I need a longer, more detailed timeline for a relationship. They even faced adversity and solved it in that time.

A quick and sweet romance about a lonely woman named Ali for short and her mate Grey. The course of true love got off to a shaky start but love did prevail. Ali does need and want protection and Grey is just the one for the job. A neat plot with good character development and a HEA.

Alethia had a bad reputation because of mistakes she made when she was young. Her brother, her sister-in-law, and her ex were forever putting her down and never gave her any respect and never cared about her feelings. That all changed when she met Grey while trying to get away from her date one evening. He asked her if she wanted a ride home and she told him she'd like to drive around for a little while if that was OK with him. He agreed and they chatted about anything and everything. He listened to her and she was stunned because no one ever listened to her. Before they knew it, they were at his cabin. He liked his cabin and gave her a tour. She liked it too. She timidly asked him what kind of animal he was and when he told her, she asked if she could see him in his animal form. He gave her quite a demonstration and the more time they spent together, the more she liked him and wanted him to kiss her. Of course, they ended up making love. As always, Zoe Chant wrote a beautiful love story and you'll need to read this wonderful book to find out what happens next. Enjoy!

I really liked this story. The hero was super easy to love--sweet, strong, patient. The heroine was pretty good too but I just wanted to smack her at some points, but she redeemed herself in the end. Would have liked to see her brother and the bad guy spanked a LITTLE harder. All in all, I liked it a lot.

This was such a sweet and lovable short read. Cones with a woman whose been put down by so many people even those that are supposed to I've and back her up. Enter in our Hero and he won't stop trying to help her or make her his. Loved it!

Great story although I wish that Althiea would have stood up to Molly. Grey was such an honest loving man. This has got to be the first shifter story I've read with no Alpha no heroine in distress

nothing.
