# Respiratory Therapy: 66 Test Questions Student Respiratory Therapists Get Wrong Every Time: (Volume 1 Of 2): Now You Don't Have Too! (Respiratory Therapy Board Exam Preparation)

## Synopsis

Discover The EXACT Respiratory Test Questions Students Get WRONG The Most. These questions come from a large database comprising thousands of respiratory therapy practice questions. Since you're reading this now, there is no reason that you will ever have to get them incorrect again. To give you a little more background, our team built RespiratoryExam.com specifically for Student Respiratory Therapists. RespiratoryExam.com has been around for a number of years now with excellent feedback from users. During that time, we've had the chance to organize some VERY useful data. The respiratory therapy test questions themselves are not very exciting (unless you're a bunch of GEEKS like us). But when they do come up again, you can be certain you will get them correct, whether it is in class or quite possibly on your licensing exam.

Volume 1 of 2 Features:

- 11 Patient Assessment Questions
- 11 Pulmonary Function Questions
- 11 Basic Science Questions
- 11 Cardiopulmonary Anatomy & Physiology Questions
- 11 Soft Skills Questions (Professionalism, Research, Policy & Procedure, etc.)
- 11 Respiratory Therapy Fundamentals Questions (Airways, O2 therapy, etc.)

NONE of the 66 questions are sugarcoated. They're printed exactly as they are tested on students on RespiratoryExam.com, with a brief & short explanation at the end. We really hope you find value in us publishing these questions, and we'll continue revising them bi-annually and as change takes place.

## Customer Reviews

I found that the book was very easy to read and had the information that I needed to help me study! Would definitely recommend this book to others.

The explanations give a good jumping off point for studying. the questions though not comprehensive do help finding areas I need to work on.

I have been a Respiratory Therapist for 3 years this book gave me a quick helpful review of common questions I have in practice.
