Customer Reviews

Wow! This book is terrific. My first Betty Brooks novel. To be sure I will be reading more! It was everything you could ask for in a book, Adventure, Captivating, Romantic, Emotional, Exciting. Each and every page something was going on. I was totally involved in the characters and loved both of them. The story is about Serena, who as a child was left stranded when both her parents were killed

and her brother kidnapped by the Comanche. Of course she was rescued by a white man who loved her and raised her as his own. When she grew up she learned of her brother's existence and made it her obsession to find him. She was told to seek a man 'Pecos' who was most likely to help her accomplish her goal. The only disappointing part to me was it never reconciled brother and sister to my satisfaction, but hopefully that will be another novel. Still it was a wonderful exciting book and I would recommend it to anyone.

Book one was very very good and will be anxious to begin the second book. Enjoyed the tension and the fast moving pace of this well written episodes in this series. Always enjoy reading about the early days surrounding this our try of ours and all the struggles our ancestors had to face. Thanks.

I agree with all the great reviews here on this author! Just discovered Betty Brooks (how did I ever miss her out back in those days!!!???) I read just one book by this author just last week, and am now obsessed with hunting down the rest of her backlists. I wish and hope for her books to be re-issued but I don't think I can wait!

LOVED IT WOULD RECOMMEND IT WILL BUY MORE BETTY BROOKES BOOKS CANT WAIT TO BUY MORE CANT WAIT TO BUY MORE

Comanche Passion was the very first book I ever read by Ms. Brooks than after I enjoy reading all of her books. Go back to the book, I deals with a young girl who had learn that she has a bother in the hands of the Comanches Tribe. She had no idea were to start looking for him. But the only a half-breed Comanche Indian himself. But you have to read it for yourself to find out the breathtaking, romance and excitement of the story. I sure do recommend this book for you to read.

a really good one to enjoy reading during a rainy sunday

Interesting story line fast paced read. Only problem I found is in a small detail, she wouldn't be sent away without the entire counsel meeting first.

It kept me reading, but it was a bit unrealistic. Not sure what the cover of the book has to do with the story.
