FILTHY BOSS (A Dirty Office Romance)

Synopsis

Get ready to leave your panties at the door. The first thing Alyssa said to me was that we needed to keep things... Professional. She acted like I was some wild animal. Like I might grope her in our first investor meeting. It infuriated me not because she was wrong, no. She was right about me. I was definitely an animal. It just pissed me off that she thought she could tell me what to do. I was the boss. Not her. But fine. I tried to stop thinking about her long hair, her decadent curves, her intoxicating scent. And I could have stopped fantasizing about her. Until I found her fantasies. Alyssa has been writing about how much she wants a man to control her. A man who can make her kneel, beg, sweat and moan. A man like me. My secretary has a secret one I'm ready to use against her. I'm about to see how professional she really wants to be. This is a standalone novella with a HEA! Penny Wylder writes just that-- wild romances. Happily Ever Afters are always better when they're a little dirty, so if you're looking for a page turner that will make you feel naughty in all the right places, jump right in and leave your panties at the door!

Customer Reviews

I really enjoyed this story. The beginning of Alyssa and Charles story is good. A bit of office politics & such at a work party prior to her first day at work puts her in his line of interest. His interest is held at bay until he stumbles across a hot secret she's indulging in. They are good together, have great chemistry. I'm looking forward to reading more from this author.

This author needs an editor - BADLY!! I read another book by this author and thought maybe it was her first book, she'd learn from mistakes and correct them in the next. Not so! I would have been mad if I had paid for these books. There are mistakes on every page. From basic typos to incorrect punctuation and grammar, to entire words missing that are needed to make the sentence make sense. This author seems to follow the philosophy that people will read anything as long as there is sex involved and put as little thought or effort into the writing as possible in order to make a quick buck.

1.5 stars
There were three deciding factors in my purchase of this book:
1 " The plot sounded interesting
2 " It was only \$0.993 " Standalone with a HEA
I'm glad I paid less than a dollar for this. While Charles and Alyssa's story had plenty of potential, it fell short for me. It was a standalone with a HEA, but there was too much of the storyline left untold, particularly how Charles solved his financial problem. It seems the author was more interested in writing the sex scenes (I will say they were pretty decent " didn't come across as porn) than capturing the details of the plot. The ending appeared very rushed. Also " of course this isn't the end of Charles and Alyssa. I'm guessing that this is why so much of the story was missing. This is a trend in eBooks that has become a big pet-peeve for me. You pay \$1 for 91 pages but it isn't the complete story line for the characters. There'll be another 10-15 installments, anywhere from 30 pages and more, with the price starting at \$1 and up to usually \$3 or \$4. By the end of the story you'll have 400-600 pages (not usually more than that) and will have paid a small fortune. While I can tolerate a few grammar/spelling errors (none of us is perfect), it seems that these "chapter" stories aren't even being skimmed over by their editors. We're paying more but receiving poorer quality. I can't say that I'll continue with this series or author.

There isn't anything original or different here, and that's okay. This is just a short story, really, and it's pretty steamy. Alyssa is a likeable girl, and Charles is a decent guy who doesn't come across as a dick when dominating Alyssa. There are more 'installments' to this story but I don't know that I will read any of them. Not compelling enough.

5 HOT Stars! LOVED this book! This was my first read by this author but most definitely won't be the last. I loved everything about this story. The writing was terrific, and although it was a fairly short and fast paced story filled with lots of HOT sex, I absolutely was in love with it. The characters, Charles and Alyssa were hot, sexy, fun and flirty. Was this an insta-love, insta-lust, oh hell yes and it was done just right for me! Anyone who wants a feel good, literally, wink, wink, story and is limited on time, this is a great fast story. I also found it was a great read with no drama and needless angst, it was just an awesome feel good story that left me with a huge smile on my face! Sometimes, I need that "emotional" break from an intense read and this was just the ticket for me! Congrats Author Penny Wylder, I am hooked and you have now moved onto my ever growing list of go-to/must read authors:)

This is a brand new author and a brand new book! It's also available through Kindle Unlimited. Alyssa starts a new job as the secretary to sinfully delicious Charles Saxon. Alyssa lays it all out for Charles right away, letting him know that their working relationship must be kept professional. However, Charles's imagination runs wild with the things he would like to do with her after he comes across something she left pulled up on her computer. This book really needs some editing. At one point, I'm not sure what happens because it's so well written and put together and then about 25% in I started to see quite a few grammatical errors. It became a little disruptive to the flow of my reading. I still found myself enjoying the book, the plot and the characters, a lot actually. This is a quick book, of course it's a novella so I expected insta-love as far as the relationship goes. It was actually pretty well developed considering the length of the book. It is a steamy read and most of those scenes are written well. I didn't really find Charles that dominating but it was still good to read. It felt more like a couple role-playing, like Charles was helping Alyssa make her fantasies a reality. I would love to see what this author does with a full length book.

I wanted to love this book - the blurb is right up my alley. But the copy I received via KU is 100% unreadable. The author has underlines in place of italics which leads to pages and pages that I simply cannot read. DNF.
