# Ordered By The Mountain Man: A Modern Mail-Order Bride Romance

## Synopsis

"You're my wife, and I'm planning on taking you every day. Understood?" "I understand," I tell him, biting my lip. "You can order me to do whatever you like." BOONE I own the premier hunting and fishing lodge in Alaska. And I need a woman to help run it. I don't want an employee; I need a woman who knows how to take orders in and out of the bedroom. Delta's not what I expected. She wants an adventure and may not be up for the challenge of running the lodge. But she's gonna need to learn if she wants to keep riding my c\*ck. DELTA I thought it sounded fun. Like a vacation. Not like a real, actual marriage. But that is exactly what this is. I'm here as Boone's mail-order bride and he means business. I'd have left already because heaven knows I am a fish out of water here ... but he tricked me. He took me to bed minutes after I arrived, and now I know what I'd be walking away from if I left. And while the job is huge, so is his entire package. But can insta-lust turn into insta-love? I guess I'm going to find out. WARNING: Don't one-click if you're offended by a strong mountain man with an off-the-chart sex drive and an irresistible urge to take what is his.

## Customer Reviews

Delta and her college bffs have graduated, their housing and job prospects in Portland are grim. In a drunken internet job search they come across a mail order bride site and take a chance. Delta's not in the same financial and housing predicament as her two friends, but doesn't want to miss the adventure. They had no idea that they would be living so far apart. Delta is willing to embrace the adventure. When she meets Boone, she has a hot insta lust, but her vegan, yoga practicing, independent ways, clash with her rigid and controlling mountain man. A fast paced and steamy story.

Modern Mail Order Bride Romance Two: "Ordered By The Mountain Man" by Frankie Love. Delta and Boone.....Delta and her two friends recently found themselves down on their luck; recent college graduates with no job and no money and definitely no men. So one night after a couple of bottles of wine and a pity party, they signed up for a Mail Order Bride service. Soon after that night they found themselves boarding a plane to take them to their future husbands and sadly away from each other. Delta was outgoing and confident. She was not shy and definitely not lacking when it came to sexual experience. That was a good thing because being sexually experienced was one of the prerequisites of her future husband. And that was where I frowned. :/ I prefer my heroines a bit less promiscuous. I don't expect them all to be virgins just not so bold. That's just my preference; I like to see that shy blush and some timidity to endear me better to the heroine. Boone was...holy hell! Sexy and gorgeous! He was crazy alpha and arrogant. Just outright bossy. He wanted everything his way with no exceptions. So, yeah, this was where I was thrilled with Delta's confidence and take no prisoners. From the moment they met, and I mean that literally, their chemistry was crazy hot. And it got hotter! Of course it wasn't the fact they couldn't keep their hands away from each other that caused conflicts between them; it was Boone's domineering stubbornness. I won't go into details since this is a quick read but I totally loved seeing the moment Boone realizes he has been a jerk. And damn! A five carat diamond ring!? Where can I sign up? Nowhere actually...pretty sure my husband wouldn't approve. lol :) All that being said, I love Frankie's super sexy, insta love/lust novellas!

This book was full of errors, mostly words missing and a few spelling errors. The characters were OK, but the storyline was rushed and the whole conflict with Boone's brother, Mason, was so childish and just fell flat.

This is the second book in this series and it keeps getting better and better! I loved this story! Thank

you Frankie Love! This book is the best and now I'm going to read the third book in this series!

I'm loving this series! Modern day mail order brides sent to marry sexy as sin mountain men? Yes, please!! For a novella, this is jam packed with intensely erotic smutty goodness and instalove of the best kind. Can't wait for the next book...the little tease in here made it a must have now!! Four stars and five drenched panties. Review by Miranda at Mommy's a Book Whore.

WOW, I thought Claimed by the Mountain Man was a good read, but Ordered By The Mountain Man surpassed that book. Delta and Boone are something else! They don't have any problem in the bedroom. Delta planned to go in looking for good sex and an adventure. I think Boone had other ideas, and they planned on having a real relationship, not a business deal. Their exploits were so much fun to read, and there was plenty of hot sex! Ordered By the Mountain Man is a must read book, and you will be delighted by Boone and Delta. You won't be able to put this book down. I never knew what Delta was going to do. Next, she is quite a character, and I loved her! Boone, what can I say about him except he is all alpha and a hard headed. I received this complimentary copy in exchange for an honest review. You'll love the story of Delta and Boone.

Delta and Boone have been matched to each other through the mail-order bride business. Delta thinks that maybe this is just going to be an adventure and then she will leave. Boone is looking for someone to help run the business and in his head, he has the example that his mom and dad had set for him before they died. Delta is nothing like Boone's mother, but she is a funny, creative, adventurous and sensual woman. While Boone's eyes are slowly opened to what is before him, Delta also starts to realize what she has found in Boone. This was sweet but also sizzling at points.

Where O where can I find a Boone for me? He is one seriously sexy alpha that will melt your panties off! Not sure why I bothered with them going into this read! Then you have Delta, the sassy free spirit who is Boone's true match, yet these two have some hurdles to jump before they can even think of an HEA. Let me tell you, their journey is completely worth it! I seriously can't wait for the last installment of this series. I am ready to go find my own mountain man! I received a free copy in exchange for an honest review
