The Theory of Attraction:...GULP!... Just so you know, I'm STILL trying to calm down after reading

this book!! Let me start this review by saying that I haven't read a LOT of Erotica. The few I've read have ranged from Awesomely Hot to Unbelievably Creepy. But I want to get outside of my comfort zone in the types of books I read so I'm going to go on this journey, and if you like, feel free to join me, ok? This book was an anthology; three stories by three authors. I read somewhere that these three authors were at the top of the Erotica genre. I figured that I should start with the best and go from there. The Theory of Attraction by Delphine Dryden starts the book off with a bang! We meet Camilla (not sure she ever gets a last name). Camilla has a sexy neighbor who happens to be a rocket scientist. No, really! And his name is Dr. Ivan Reynolds. Camilla can set her watch by the schedule that Ivan keeps. She's good friends with all the guys in her building, including Ivan. One day, after some of the guys had been over to hang out and have dinner, Ivan asks Camilla if she would help him out. He has a fundraiser to go to and to say that he's not so great with people is a massive understatement. He wants Camilla to kind of educate him on how to talk to people in a social setting. Camilla agrees but she gets her own education as well. See, she knows far less about Ivan than she thinks she does. Ivan is into being a Domme and he decides to introduce Camilla to what it's like to be his Sub. I love Camilla and Ivan together! He is so stiff and nerdy and you have no idea that all of this naughty stuff is under the surface. And Camilla is great. She's so normal and unsuspecting and when she finds out what Ivan is really like, she's just blown away!

The Theory of Attraction 2 Stars
Camilla, who vows she is not a stalker, has her eyes set on Dr. Ivan Reynolds rocket scientist and neighbor. When Ivan needs help, he calls upon Cami for help. She is more than willing to help the good old doctor out. Little does Cami know, the professor is hiding a secret. Will Cami be able to handle it?

My thoughts: This was a hard read for me. There were, I guess you call them scientific terms, in that had me saying huh? It was a bit of a turn off for me. I also could not get past the whole, geek with 6 pack abs thing. I guess my imagination wasn't flying when I read because I couldn't picture him. Therefore couldn't get that connection with him. I found myself skimming a lot.

A Shot in the Dark by Christine d'Abo 5 Stars
Sizzle: Smokin Hot
As the co-owner of a coffee shop, Paige Long works non-stop and has no time for a social life. As a firefighter and Dom, Carter has had his eye on Paige for a while. Carter sees a submissive hiding in Paige and is curious. Little does Carter know, Paige has closed herself off to the lifestyle. Carter vows to find out why.
My thoughts: Even though this was a very short read, the author did a great job in developing the characters. Carter was so loving, patient and sexy as hell! He gave Paige time to get her head together and didn't push her. I loved Paige. She is so strong and stubborn, yet so vulnerable in dealing with her past issues. I loved how

she had to fix things herself and fought for it. The Dom/Sub scenes were so realistic that I could totally relate. The author did an awesome job at her descriptions. I also liked that there was a sub-story with Paige's brother, Ian and `Blue Eyes.

The theory of Attraction is a book with three stories told by three different authors. It's steamy with shorter reads, which gives us a get a great concept of the writer's style and storyline and also Fragments of The BDSM lifestyle. For anyone who expresses interest in the BDSM genre this is ideal for you. A few meanings of the Words described in my review. D/s ~ the practice of dominance and submission. BDSM ~ an acronym used to describe a variety of kinky activities. BD stands for bondage & discipline. DS stands for dominance and submission and SM stands for sadism and masochism. These stories were based mainly on BD and DS. The Theory of Attraction by Delphine Dryden is my least favourite book in this trio set. I did enjoy it but not as much as the others. In this story we meet Camilla - who has a sexy nerdy neighbour. He certainly is not at all what we expect and gave me the reader a wonderful surprise at his Dominance and smexiness in this story. It is a short, but - hot read. The characters and storyline were both likeable but found it didn't keep my interest as much as the others. But none the less is a sweet surprise to not only Camilla but the reader. A rocket scientist with brains and brawn - WOZZA ..3/5A great short erotica for all. A Shot in the Dark by Christine d'Abo was the second story and revolved around Paige Long. Paige used to be active in the BDSM scene but she had a very bad experience with a former boyfriend. He didn't understand the concept of a safe word what so ever. Carter - the smoking hot fireman soon teaches Paige that the lifestyle can be enjoyed with the right person. He is protective and takes good care of her both during play and also outside.
