## Synopsis

A Doctors And Babies Romance. It's New Year's Eve, and Doctor Conrad Banfield, head of the psychiatric unit at St. Joe's, knows absolutely that he can't have fathered a child, because he had a vasectomy. But nurse Abby Martin knows positively that her three-week-old son, Robert, is the result of the passionate one night stand she had with Conrad. Now Abby's clinging to life, and Conrad has to care for their baby. Trouble is, Conrad has no experience with babies, and the psych nurses, who call him Iceman, are not about to rescue him. Will Conrad be able to learn about diapers and colic--and maybe even--gasp-- LOVE? INTERVIEW WITH THE WRITER: What's the story behind the story, Bobby? Some of my best friends are nurses, and nurses know doctors well. They told me of a certain psychiatrist who badly needed a personality transplant. So I gave him one in this story. I hope it makes you laugh. Favorite character? That would be plural--all the nurses who work with Dr. Banfield. Unsung hero's every one. OTHER BOOKS IN THE SERIES: Drastic Measures Full Recovery Double Jeopardy Picking Clover Nursing the Doctor Patient Care The Baby Doctor

## Customer Reviews

In this book Abby is on her way home from the pharmacy when her car is hit by a drunk driver. In the hospital her sister brings her baby to the doctor that doesn't know he is the father. There are many interesting twists and turns to the plot which lead to a happy ending.

Gave five stars---a beautiful & wonderful love story---- thanks to Bobby Hutchinson for writing this story!! She has written many wonderful stories--if you have not read any of her work--you really should do so!!!! This book was thoroughly enjoyed & I highly recommend it to everyone!!!!

When a nurse lands in the hospital after a serious car wreck, and her sister shows up with a baby she insists was begotten by a stand-offish and officious doctor, the doctor remembers, sickeningly, his one night with the nurse and his later vehement denial that the baby could be his. After all, he's had a vasectomy. But the story develops, and I don't want to give away the story. Worth reading.

Bobby has another great book. Clean and emotional, this book will cause your heart to shift in your chest. I'm a member of Bobby's proofread team, so generally I receive an ARC, but I bought this book. I have yet to read a book by Bobby that wasn't good.

This book caught my interest from the start. It's heartwarming and enlightening. Bobby Hutchinson does a wonderful job of bringing a budding romance together with some unanticipated results. I highly recommend this book.

This is a very sweet short story. While it had a few surprises it was pretty much straight forward, easy read. The conflict of conception after a vasectomy is one that more than one couple has had to face. It was done quite nicely in this story. I loved the befuddled psychiatrist, kind of the like the bemused professor. Abby was a sweet adoring, wonderful single mom caught in the conflict of Dr. Conrad Banfield's refusal to face facts. Medicine can and does make mistakes. Sometimes big ones. All in all I thought this was a really sweet, short story with a most satisfactory ending. Definitely need to read story.

a Dad would do just what Doctor Conrad Banfield was forced to do and it is great .... seeing things from this point of view. It was a wonderful read!

Interesting story line. Kept me wanting to keep on reading. I look forward to reading more stories by

this author.
