Customer Reviews

This is one of many academic standard textbooks of Spanish. I have many of them. All of them are good. All of them are supplementing one another. I am using a few sources when I prepare my lesson plans for students of Spanish. There is no a universal textbook or source. A teacher should use a combination of different tools.

THERE ARE NO ANSWERS! I bought this to help me learn Spanish (of course), but THERE ARE NO ANSWERS ANYWHERE IN THE BOOK!!! How can I tell if I am doing the work correctly??? If I knew that, I wouldn't need the book!!! I've considered asking friends who speak Spanish to check it, but that's a lot of work for them... This book is worthless.

This book is good for practicing Spanish, but still you will need CD's. I am a Spanish Tutor and I use a lot of different books. This one is a complement to En Spanish

Interesting pictures, grammar and features.

Had to get for my Spanish class and it lasted me the whole year and didn't fall apart like most textbooks I own. Fast shipping. No issues.

Great met my expectations. Book was in good condition and it fit my needs.

Everything I was hoping for. The description was true to its word.

Very good book, Fast shipping and good for reference
