Customer Reviews

This book was like an onion and we're just pulling back the layers!!!! This thing between two people I never saw coming!!! But I love it!!! And now I'm sad because there will be no more Carters!!!..lol but I loved the character development from everyone and the plot was sick!!! I mean straight crazy!!! Great job and I see growth as a writer from this author but don't let go of the edge of writing you do...it's like an edge between reality and fiction..... Your books have this flare to them that keeps your mind going with scenes playing out in your head!!!!

This book took me all over the place with my emotions. Montana Montana...We love you, hate you,

love you again, and feel sorry for you. So many things to say about this book, but can't find all of the words. Just read it!

Lawd have Mercy!!! this book was a Beautiful Disaster. This was Montanas real story and it made me understand why he was so screwed up. When you experience a tragedy like he had at a young age it messes with your mental if its not dealt with. His mother couldn't even deal with it so he was just stuck with that horrible memory. It was so many things that happened in this book but the biggest one was the alternate ending. That was a Beautiful and it was disaster. I knew they had a story but didn't know it was like that. My God, Levi was so right about him when she was talking to CJ about him in the car. Tana hurt a lot of when with this foolishness but he was living his mother's Life all over again. To Love someone despite their faults but not allowed to be with them is a sad thing. So I loved Demorgan in Tanas story but not in the real book. Morgan was a big spotty dotty mess, she was a real hypocrite. She could whip it, weigh it ,and count it up but wasn't dishing it out to Demarco cause of her beliefs, Chile Bye. Koda was very sweet in Tanas book but in Kove he was a bit more closed off so I didn't swoon over him as much. Now that Yayo still had the sauce and I think he was Everything!!! Nicole wasn't the one for Tana.. I have so much to say about this but I don't want to give too much away.Great Job Desi!!!

Welllllll. I'm sad to see these characters go, but this gave me a better understanding of how things really happened. I got teary eyed when Hazel told Koda about the baby. Shocked at the revelation about D'Angelo. I understand where Levi was coming from. Its like Montana never got to really patch things up with his sister because he was trying to put another female on her. I'm on the fence about Montana, I love him one minute, hate him, then pity him. His character tires me,Lol. It was good to see Nicole and Hazel get along. Morgan is fake as hell, how you the "first lady" of the streets, lame! I could go on and on, I loved the wrap up and I favor the alternate ending, seems more realistic to me after reading Olivia and Montana's back story.

Where do I start! I loved this entire series (yes this review is including NATS) as well. KOVE was on a totally different level! My favorite scene has to be the book signing. As an author, reading your work, let's just say you nailed that part. Every page was full of detail & no question was left unanswered. Although I knew instantly that this was a book within a book. I just didn't want to hype myself up in case I was wrong lol. Amazing job! As I've said before you are in a league of your own & your craftsmanship is undeniably good! I enjoyed this series very much & can't wait to see what

you plan to mind f* us with next!

It's a world of its own, especially if you are not from or familiar with Atlanta! The author will have you so caught up you will think you are a part of their world and make them a part of yours! Can not wait for her next release! I recommend these books to everyone, especially if you're from the hood! I was looking for something different and I found just that!! From 'For the Love of ATL' to 'KOVE', this is truly 'Not Another Thug Story'!!

WOW! Kove wrapped everything up may not be in a nice and neat little package, but it did answer questions. I prefer the alternate ending. It just made more sense, especially with the couple pairing at the end. At least with all of the drama and sickening happenings going on this family. For me Tana and Nicole didn't really fit, Andrew and Olivia are cute together but... Just read the whole series.

I truly love this author. The book is a must read and was absolutely amazing. It tells and explains everything in details. I was just shocked and overjoyed to hear the true story about all the characters. Mainly shocked by Montana and Olivia's relationships. Amazing!!!
