## Synopsis

Yours: Gaining Experience Book 2 in the Yours Series  
Yours Book 2  
Where do we go from here? I love Nick, but I don't see how this can be fixed. I have never been so confused or hurt in my life. I don't know if I can move forward, but I am not willing to go down without a fight. I've changed and so has everything and everyone around me. Sephora is wrong if she thinks this is over. I wasn't ready to let her go before and now it is impossible. The skeletons are coming out of the closet and refuse to go back in, but I will come out on top. I always do.\*This is Book 2 in the Yours Series. This book does end with a cliffhanger. However, Books all 3 full length novels in the series are being released a week from each other. Blue Saffire's books are written to weave, loop and intertwine with one another. You will find that the series build together for a greater experience. \*\*This book has strong language and sexual content. Be advised there will be some BDSM play in this book, but it is not the focus of the story, nor does it overshadow the story. This Book is for Mature Readers 18+ \*\*\*To keep up with release dates sign up to the mailing list at [www.bluesaffire.com](http://www.bluesaffire.com)

## Customer Reviews

From Lilla du to a full woman. In this book, Sephora came into her own, mentally, physically, and sexually. She gained more confidence in herself and learned to stand up for herself. I love how character's name from other books made appearances that add to the story line and dram. Book two answered some questions from book one while really making you wonder what will happen in book three. Who is this mystery person? Why does he or she have it out so bad for the Lincoln and Emilsson families, especially Sephora it seems like. I think that Jillian has played her part, so I don't think it's her. I don't want to go there, but I wonder if Mark or some of his relatives have anything to do with this? It all will come to a head in book three, and I can't wait to see how it all ends. I'm not into the BDMS, but Blue Saffire has incorporated this sex genre lightly in the series without going to hard core. The regular sex seems are on point, especially that violin scene. Congrats Mrs. Blue on another great book, and I would highly recommend this series. On to book three.

I'm definitely enjoying this series like the rest. I fell in love with Ryan's character but all the Brother's Black are interesting and funny and apparently drop dead gorgeous. I also like how Sophi is becoming her own woman even though she loves Nick she has her own individuality which makes her character strong throughout the book. And Nick of course is also very complex especially with all his skeletons but I also like how Sophi is his number one priority. Great read. I'm already ready for the next one.

I'm anxiously awaiting book 3! This series has given me life the last two weeks. I want to know who's behind the voice!!!! Keep up the good work Blue. I love how all of your books are connected. It's nice being able to catch up with the characters from your other series.

Wow book two turned it up with the drama and suspense. I love how you bring in characters from your other books. I love Sephora has started tho come into her own. Can't wait tho find out the "skinny" on Kimmel and Luke....

Wow ,really is all I can say .Mrs.Saffire you are a beast when it comes to writing books .I counting down the days before the next book comes out .I love how your books intertwine characters from other books so they stay fresh in your mind as well.Keep writing an I will keep buying your books your the baddest author I know

Lawd have mercy! Blue girl you can't leave me hanging like this! Yours 1 & 2 are by far the best you've written so far. I love Nick and Sephora and I can't wait for Yours 3. PLEASE, PLEASE don't make us wait to long!

Really enjoyed this book. You experience the development of the characters. There is more suspense and mystery in Book 2 of this series. It was like watching a good movie and anticipating the next scene. This is a three book series. Normally, I don't like cliffhangers or series but all three books are being released within two weeks of each other. So, it's more like reading a book with a high page count. In book 2 Nick and Sephora's relationship grows stronger. Plus, we find out Nick has ties to some of our old friends the Mairretties (love Sam). That's Blue Saffire. Characters from other Blue Saffire books will make an appearance. Reading her books are like watching a television series. Many separate stories but all connected. If you thought Nick loved Sephora in book 1....he goes straight up alpha in book 2. When it comes to Sephora Nick does not play! All the crew is back, Lucian and Kimmie, Ettie and Andrew, Craig, and George. Can't wait for Book 3.

This is my review and how I see it. Well dayum, dayum, dayum, Ms. Blue you put your foot into this story right here. Gurl, I was like aw suki suki now and shucky ducky quack quack all up and through this book. So happy to see my man Wyatt!!! Anywho, that Nick, that man, that man right there. If you could bottle him up, you would have more money than the one percenters twenty times over. When Nick horned his attention on to Regina when she said Sephora's name my heart almost stopped. When Sephora entered the room, you could hear an ant walk and did everyone scurry to get out of that room with a quickness. Man, I do not care what her mother's reasons were. She could have chosen a different course of action that always belittling Sephora like she did. Sometimes people don't think you don't build people up (such as thing like making them thick skinned) by tearing them down, always finding fault and nitpicking at them. Bravo to Nick for standing up for his woman in both Book 1 and Book 2. What the blogger was saying about Sephora's hair and eye-color was, just plain ignorance, I have see dark complexed people with hair and eyes like that. If you live long enough and travel some you will too. There was that one scene in here that was beautiful. By the end of the book: It. Just. Got. Real. Again, wow. This was a good read and it keeps getting better from book to book. Ready (patiently waiting) to read book 3!!! You can tell the author put a lot of herself into this book. This is my review and how I see it.
