My Star, My Love: An Eversea Christmas (The Butler Cove Series Book 3)

Synopsis

In this sexy novella movie star, Jack Eversea, has decided to brave his history with England and take the love of his life, Keri Ann Butler, home to meet his mother for Christmas. But Jolly Old England does weird things to Jack. And despite his super sweet 12 days of Christmas gift-giving, Keri Ann can't quite work out if he's about to propose or regrets bringing her home. Is he still questioning whether she can handle a few paparazzi, or is he doubting Keri Ann's commitment to their future? The magnetic couple is back in a fun, sometimes poignant, but super sexy story about acceptance, building a future, and how to make love quietly in a creaky old house with one's mother down the hall. This is an Eversea series extension and Book 3 in The Butler Cove Series. It is highly recommended that it is read after Eversea and Forever, Jack.

Customer Reviews

Jack and Keri Ann have been together for a while now, but they haven't seen each other for over two weeks. Jack had business in Los Angeles and Keri Ann was busy with school. But now they're back together - on their way to England, to spend a few weeks celebrating the holidays with Jack's mom. But something seems to trouble Jack. Is it the fact that he's back in England? Is he not so sure

about their relationship anymore???Read it to find out â^°.....I absolutely LOVED this little novella!How can anything be better than Jack Eversea smelling like cinnamon and pinetrees???The whole atmosphere was so adorably romantic and christmassy.And Christmas didn't stop this story from being incredibly sexy too!!! loved the presents Jack had for Keri Ann....little surprises every day.We had funny moments, cute moments, very moving moments...I might have cried a little here and there...or rather, everywhere â^°This was the perfect holiday novella about our darlings Jack and Keri Ann and there's LOTS of room for MANY more novellas in the future â^°â^°â^°(just my humble opinion â^°) I LOVED IT!!!!

Natasha is a great writer. When I read her books, I am able to picture the characters and put myself in the book with them.I have never felt a love so great as with these two characters, Jack and Kari Ann. The only thing that does bother me about Kari Ann is that she is so me,me,me when it comes to being in the spotlight with Jack. It makes you think she is going to ruin the relationship by her indecisiveness and unwillingness to be seen with him in public. However.....the end of the book makes me believe that they will remain together and have a happy, fulfilled life together.

This novella is a wonderful addition to Jack & Keri Ann's story. Boyd wisely allows Keri Ann's character to mature and stabilize. She also reveals Jack's insecurities that rise to the surface now that their relationship is truly under way. The novella is a nice role reversal of sorts where Keri Ann's doubts take a back seat while Jack's come to the forefront. This makes for a truly enjoyable romance.I highly recommend this novella to anyone who has read the other parts to the series.

Awesome book. Just wish Keri Ann would stay out of her head. She knew that Jack was an actor when she started seeing him but she's so scared that her picture will be taken if she goes any where with him. Jack really loves her to deal with all her insecurities. Everytime he goes to talk about their future, she always, always freaks out. Really liked the story but she got on my nerves with the freaking out stuff.

This book should have come before the second book in this series.It was fun and really should have been the end of the story in book one.I enjoyed the story but there were things that didn't make sense.(ie, Jack going off to get drunk for no apparent reason)I feel like this whole story was good in general but needed work on how to resolve issues and end with a HEA (happily ever after).

This book is a rather light hearted, holiday extension to the story of Jack and Keri Ann. It touches on issues effecting each one of them. It is also steamy and sweet. I like this story, but wish that it had been condensed slightly. Then, the Epilogue from Forever, Jack could be added to the end of this novella. I feel that, together, the elements of each would create a more natural, topical flow. 3.5 stars

Part of a series, but very good story line, Jack Eversea is a movie star, hiding out in a small town, being hidden from public by a hometown girl... Lots of drama, hot scenes, still a good book from a talented author..... Kept my interest.

This was a really good book. The characters were awesome and developed and just the whole story was great. I think it is the first of 4 and I definitely read the other two. It is a good fast read and very entertaining.
