# Crime And Punishment (Oxford World's Classics)

## Synopsis

Crime and Punishment is one of the most important novels of the nineteenth century. It is the story of a murder committed on principle, of a killer who wishes to set himself outside and above society. The novel is marked by Dostoevsky's own harrowing experience in penal servitude, and yet contains moments of wild humor. This new edition of the authoritative and readable Coulson translation comes with a challenging new introduction and notes that elucidate many of the novel's most important--and difficult--aspects. About the Series: For over 100 years Oxford World's Classics has made available the broadest spectrum of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, voluminous notes to clarify the text, up-to-date bibliographies for further study, and much more.

## Book Information

Series: Oxford World's Classics

Paperback: 576 pages

Publisher: Oxford University Press; Reissue edition (August 1, 2008)

Language: English

ISBN-10: 9780199536368

ISBN-13: 978-0199536368

ASIN: 0199536368

Product Dimensions: 7.6 x 0.8 x 5 inches

Shipping Weight: 14.1 ounces (View shipping rates and policies)

Average Customer Review: 4.3 out of 5 stars [See all reviews](#) (1,437 customer reviews)

Best Sellers Rank: #604,221 in Books (See Top 100 in Books) #147 in [Books > Literature & Fiction > World Literature > Russian](#) #13395 in [Books > Literature & Fiction > Classics](#) #34167 in [Books > Literature & Fiction > Literary](#)

## Customer Reviews

This is not the version of the book I clicked on! When you look at the (paperback) edition of Crime and Punishment translated by Richard Pevear and Larissa Volokhonsky, it says right below it, "Start reading Crime and Punishment on your Kindle..." and also lists the different versions available - paperback, hardcover, etc. - and includes a Kindle Edition. But when you click on either, you get this, which is a completely different translation. Pevear and Volokhonsky have been widely praised, their translations now considered far and away the best English versions available of various classic

works of Russian Literature. But lumps everything with the same title as if it were the same product. Some of the customer-uploaded images of the book's cover even say that it is the Pevear and Volokhonsky version, but it is not. It's a 1914 translation by Constance Garnett. This is the reason people started to hate big box and online bookstores when they first started putting neighborhood bookstores out of business -- because they don't seem to care about books, just making money. But what's funny here is that they could actually charge money for the better translation, since it's new, but instead they choose to give away an inferior version and pretend it's the same thing. (They do offer the Pevear and Volokhonsky version of Demons for a price - a version easier to distinguish because the newer translation even changes the title from the less-accurate The Possessed - versions with that title are available for free.) Also, because they don't distinguish between different translations, there is no button available under the Pevear and Volokhonsky version to request that the publisher make it available for Kindle.

I initially approached this book with a great deal of trepidation. I had never read Dostoyevsky, and was concerned that I would get bogged down in some lengthy, mind-numbingly boring, nineteenth-century treatise on the bestial nature of man or something. I am happy to report this is not the case. Instead, and to my delight, it is a smoothly flowing and fascinating story of a young man who succumbs to the most base desire, and the impact this has both psychologically and otherwise on himself and those around him. To be sure, the book seems wordy in places, but I suspect this has to do with the translation. And what translator in his right mind would be bold enough to edit the great Dostoyevsky? But this is a very minor problem. What we get with Dostoyevsky is dramatic tension, detailed and believable human characters, and brilliant insight into human nature. Early in the novel our hero meets and has a lengthy conversation with Marmeladov, a drunkard. This conversation is never uninteresting and ultimately becomes pathetic and heartbreaking, but I kept wondering why so much time was spent on it. As I got deeper into the book, I understood why this conversation was so important, and realized that I was in the hands of a master storyteller. This is also indicative of the way in which the story reveals itself. Nothing is hurried. These people speak the way we actually speak to one another in real life, and more importantly, Dostoyevsky is able to flesh out his characters into whole, three-dimensional human beings. And what a diverse group of characters! Each is fleshed out, each is marvelously complex.
