Customer Reviews

I've read each and everyone of these stories and it was exactly as I had hoped. Sometimes naughty, sometimes thought provoking and always entertaining. It makes for an enjoyable read on the beach, on a break from work or curled up on the couch. You could never tell that it was written by amateurs. I'll bet there's a long career in writing for some of these authors. I look forward to the next story and plan on sharing the book and the website with my husband and all of my girlfriends.

Definitely worth the money and my time.

I bought this because at 330 pages it seemed a better value than the many short works offered on . What I did not expect was the quality and creativity of these works. This is no erotic snack that only wets your erotic appetite. This is the meat and potatoes that will leave a reader content and satisfied. After I am finished my next stop will be at lushstories. These may be hand picked stories but I can't wait to see what else these writers have written.

Really loved the story by Jake Malden. Some of the others were okay. This is the joy of an anthology. You can read short stories from new authors and try out authors to see if you like their style. Give it a try. Never know what you will like or what will turn you on.

It's easy to see why these stories were chosen for inclusion in the anthology. All of the works are well put together and the variety in writing styles means there's something for everyone. This collection is filled with entertaining characters, engaging plot lines and sensual sex scenes. A must for those who enjoy quality erotica.

The stories are HOT. Read each one of them and everyone single one seem to get me in the mood ' It's a MUST read!

This is just okay erotic literature. I like that it is broken into short stories, however, some of the stories just seem over the top or the material doesn't interest me. It is nice to have variety but this way only about half of the book or less caters to my interests. It is better than 50 shades, but much of the writing is still cliché and annoying. I definitely prefer Anais Nin, she is interesting and well written.

I purchased this the day it became available having had the heads up from someone I know who uses the Lush Stories website. I am half way through and quite honestly I have found it difficult to put down !!. I must join that website and soon !!

Love each and every story in this collection. Glad I purchased this as it is well written and great quality for the price!
