Customer Reviews

This is a well written erotic story of male dominance with one significant flaw: It is explicitly stated at the start of the story that the magic ring has power over "the gentle sex." After about 75 percent of the story is completed, with no forewarning, the protagonist uses the ring to influence two males, one of whom is described as fitting "the typical gang description," the other was the rope line guard at a club. It's obvious neither could be described as members of "the gentle sex." It's unclear

whether the author forgot about the ring's limitation to influencing females, or as he was bringing the story to a close he just ignored it. It would have been good if he laid some groundwork before making that change. This is a very good, and very hot, story and well worth reading despite that flaw. But I wanted to bring it to the author's attention. Recommended for anyone who likes male dominant erotica.

Very hot sex, story development good, well-edited. Now we're talking. Much, much better than your typical EMC story. Try it out!

The surprise here is that he falls for Emma and grants her freedom to choose. This makes it very erotic.
