Praise The Lard (The Rachael O'Brien Chronicles Book 7)

Synopsis

Book seven of THE RACHAEL O'BRIEN CHRONICLES is Rachael's last year of college, but before classes begin her grandmother's stately home is burgled and a rare book of prophecies is defaced with a menacing message threatening the family. Skeletons from the past begin tumbling out of the closet, implicating Rachael in a string of murders. When her psychic mother vanishes and a strange old key is delivered without a return address she is left to wonder if there's a link. With sinister forces threatening her, the life and death question becomes whether Rachael can rely on unlikely liaisons to escape an inherited vendetta in Paisley Ray's PRAISE THE LARD.

Customer Reviews

A really fun book following Rachael into her final year of college. Adventure and mystery still abound and we finally get to see more about what Bets is really after and more about GeeGee's mysterious past. You'd think graduation would be the end of the Rachael O'Brien Chronicles, but the very end of the book promises a lot more possibility. Maybe we will finally find out something about Stone. Overall, this author engages and keeps you laughing and guessing. I like that the setting is from

Sept-June, so we follow Rachael and her friends through the whole year.

I purely love these books. I graduated high school about the same time as the characters, and I like the flashback to college days. I have enjoyed these, and have eagerly awaited each new installment. I want more! Nice light reading but with a good storyline and plot. I like the mystery with a Southern twist genre. These would be really good for beach / vacation reading.

Another winner in the Rachael O'Brien series! Unlike some series that grow stale and blah with each book, this one just keeps getting better and better! I can never predict what Rachael is going to do next, which makes for an entertaining and surprising read. Boy, the trouble this girl finds herself in! So glad she wasn't my college roommate. ;-) Definitely read them in order if you're just starting this series. Can't wait to see what happens next!

It's Rachael's last year of college and, of course, craziness follows her once again. Starting with Betts and Maeve burglarizing GG's house, moving on to the early birth of her father and Trudy's baby, and then a return to New Orleans with boy issues added in there, too, equals one wild and crazy year. Praise the Lord, the seventh of the Rachael O'Brien Chronicles, was one of the best in the series. It's got loads of action interspersed with humor. I enjoyed it very much and recommend reading it (and the rest of the series, too).

LOVED this book. Left me wanting MORE, MORE, MORE! I have adored every single one of the books in this series. The problem is, they are like popcorn, you pick it up, you devour it, and you are looking at the bottom of the bucket, before you realize you were even eating! Please tell me I can have a refill, soon!

I have read every book of the Rachael O'Brien series and love every one of them. The only disappointment was book 6 only because it was too short! Love the colorful characters and hilarious story line. I feel I know each character personally and cannot wait for the next book! Read these in order. But do read them!

I am absolutely in love with these characters and their stories!! All seven of these books have made me laugh out loud, bite my nails in suspense, and cheer for victory. Paisley Ray has brought these characters to life in such a special way, I feel like I know them. You just can't put the books down

until you find out what happens!! This story cleared up a lot of past questions and delightfully posed new ones in such a way that I am truly looking forward to Rachael's next adventure!! I recommend this series to everyone I know!! It's a must read- all of them are!! :)

I don't think I could ever get tired of reading the Rachael O'Brien Chronicles. Paisley Ray never disappoints with this series. If you're like me and enjoy reading a good series, you can't go wrong here. Make sure you have a day to dedicate to reading, because once you get started you won't be able to stop until the end. I hope I get to read more about Rachael O'Brien and the trouble that always follows her in the near future.
