He Can Fall (A Short Story) (She Can Series Book 5)

Synopsis

When security expert Sean Wilson takes his wife, Amanda, along on a business trip to an isolated bed and breakfast, heâ€™s hoping to combine work and pleasure. But when four armed men storm the inn and take the staff and his wife hostage, the romantic getaway is over. A former army Ranger, Sean will do anything to save his wife, and when he finds the seven-year-old granddaughter of the innkeeper in the snowy woods, the situation becomes more dire. Sean must get the child to safety, but as the armed men become increasingly hostile and violent, Amandaâ€™s life is also on the line. Cut off from help and spurred by desperation, Sean and Amanda must make hard choices that could get them all killed. Thriller Award nominee and bestselling romantic suspense author Melinda Leigh delivers a page-turning story of love, fear, and desperate choices.

Customer Reviews

When Sean agrees to do a security consult on a remote inn for a friend prior to it opening it's doors to the public, he thinks the highlight of the weekend will be some quality alone time with his wife, at no point did he think he'd have to put his Ranger skills to the test in order to save everyone from a group of armed robbers who think the inn is the perfect place to hide. For such a short story, so

much happens. It is action packed from beginning to end and Melinda does not disappoint! This would be a great little taster for anyone who hasn't read any of Melinda's work yet. It's definitely a series that I would recommend to all Romantic Suspense fans.

What an adrenaline rush all packed into a short suspenseful story. All the characters were fascinating even the bad guys. It was also very noticeable that the author incorporated her real life training in Kenpo techniques into this book which for one made me never want to take her on in real life and loving the creative way the hero took out the bad guys. Even though this was a fairly quick read it was jammed packed with action and suspense from the beginning and had a very satisfying ending. I bow to Ms Leigh and concede I loved it..

This is one fast paced, exciting short story, and as always, Melinda Leigh does not disappoint. She ratchets up the tension from page 1, and it never stops until the last page. Plenty of action going on and a very strong plot for a short story. This would be an excellent way for a new reader to "test drive" this truly wonderful author.

Another awesome installment in the She Can series by Melinda Leigh. The action started on the first page and didn't slow down until the final words. I can't wait to see what Melinda will come up with next.

Security consultant Sean and wife Amanda expect a quiet romantic weekend at a remote inn while Sean finishes setting up their security system. What they get is not even close. A tense story line and a fast pace add up to a worthy read.

I completed my household chores after work last evening and was still able to read this short story by bedtime. The story was engrossing and offered at a bargain price. The villains--a psychopath and three others who are sort of "psychopaths-lite," are believable. The alpha male hero is not a mere stereotype but is capable of worthwhile introspection--in fact, a surprising amount considering the length of the story. All-in-all, this "booklet" is an excellent example of its type. The action is rapid-fire, a surprise or two pops up and the characters are as well developed as such a short tale could possibly allow.

This is another excellent book in the She Can series. What can I say that I haven't said in my

review of She Can Kill and the other books in this seriesâ ”all I can say is I will keep reading this series!Read the book to get the whole storyâ ”it will be worth the time!

I have to admit, I started reading this right after finishing one of Allison Brennan's books and for a moment, I thought I was reading another Allison Brennan (the whole Sean thing.)I really liked this story; I think that it was definitely even more intense and graphic than Leigh's other work. It packed a lot of action into ~50 pages. I don't know if these characters will be showing up again, but I hope so.Highly recommend.Ã Â© Angela Risner 2014.
