Hot Mess (Hostile Operations Team #1.5) There is no person on earth that ever thinks they are good enough for everyone, you're good enough for someone but not always just anyone. It is either due to your past or lack thereof or even your future and a possible unpredictable life you lead. For H.O.T member Sam "Knight Rider" McKnight this is the situation he finds himself trapped in for years, he has always wanted his best friend's sister Georgie in his arms, but he knows she deserves diamonds, silk and champagne things he can never give her, so he stays away and avoids her at all costs for years. But when her life is in danger and he finds himself as her protector he has no choice but to get up close and try to stay non personal. But Georgie has other plans, she has always wanted him and this time she will get him, only after blazing hot nights of sex and endless orgasms the man takes off yet again, without saying goodbye and no way to make contact and all she is left with are the words of warning he gave that he might never return. The character of Georgie was really awesome. A strong, determined go out there and live my life and always go after what I want kind of heroine. I liked that the author ruffles her up a bit by letting her hit the point on knowing her life is in danger and just maybe she should back off every now and then. It showed that it is not always the best decision to go after every single little bit of information we want, sometimes it is best to leave well enough alone.

This is the second book in the Hostile Operations Team series. So far there are seven books published, and an eighth is due out this sometime this year. Each book tells the story of a different member of the HOT team. I read book one right before this one, Hot Pursuit (A Hostile Operations Team Novel - Book 1). That book was so fantastic that I started this one as soon as I finished that one. As a matter of fact, I'm so hooked on the series, that I started book three, Hot Package (A Hostile Operations Team Novella - Book 3) as soon as I finished this one--I'm in the middle of that book right now. That makes three HOT books in two days! The books are interconnected, but each

can be read a standalone. The HOT team consists of eight members. In book one, team leader, Captain Girard, got his lady love. In that book, we are introduced to HOT in the prologue, while they were out on an op, during which two members were killed. By the end of that book those two positions remained to be filled. The hero in this book, Sam "Knight Rider" McKnight is one of the replacements. In this book, Sam has been newly recruited to the HOT team, and the events in his story take place several weeks after the events in book one. Sam and Georgie are childhood friends; her big brother is Sam's best friend. Georgie is from a wealthy, privileged background and Sam is from the wrong side of the tracks.
