Mad Sea

Synopsis

Motorcycles and the ocean are my only loves. Until Hali. Every Sunday, I exchange my mancard for a punch on my pink frozen yogurt card. Just to see her. This is what stalkers do, you see. I'll do whatever it takes to catch one tiny glimpse of her bright smile—a smile she shines upon me, even if only for a few brief moments—to light up my usually dark, lonely world. Hello, my name is Madden Finn. And I'm in love with a girl who doesn't even know my name. ***Mad Sea was originally created as a story for an anthology. There were size constraints which explains the short length of this story. Because of this, the story is sweet, to the point, and all kinds of insta-love. If you're looking for a quick, lovable read that is quite outside your normal reading zone, then you're going to love this.***

Amazing, my first mythical story that I ever read and I FLOVE IT!!! A very steamy and romantic one that you will devour in one sit!! Excellent writing like always and I absolutely love the insta-love, connection of those beautiful souls that were to be with one another. Best quote: "Do you feel it? It's like your hand is wrapped around my heart. Gripping it. Owning it. I'm linked to you,

Mad."

What an amazing and unexpected find! This is a new-to-me author who I randomly read thanks to a Facebook post. I have a thing for mermaids you sea! Mad Sea was everything you could want in a short, insta-love, bad boy, hot love, fantasy HEA romance. Madden and Hali are drawn to each other so perfectly. I love how things start off with the MC Alpha dark and dangerous type and the sweet innocence of the girl next door. I also loved that I didn't see the initial twist coming, which made everything else about this brief read wonderful! Even the cover is great! Their chemistry is blinding and it works. Once they realize what they have together, there is no stopping them. Even with credible threats, and intrusive and dangerous family, their strength is all the more so when they are with each other. Hali is tougher than she looks and Madden is smarter than he knows. I really recommend this read. It's fun, fast and fulfilling! I can't wait to read more by K. Webster!

Mad Sea is a short romance that allows us to stretch our imaginations into the world of mermaids and mermen. Madden is the president of a local motorcycle club who has several secrets. One is his crush on Hali, the beautiful girl at the frozen yogurt store. Every Sunday for three months Madden has gone there and silently watched her, until he gets the push he needs and asks her out. He's terrified she'll leave once she learns his biggest secret. However Hali herself is full of secrets, and she just may surprise Madden. This was a fast but sweet story of finding true love.

I am a mermaid freak, so when I heard there was a new mermaid book out, I knew I had to have it! This book is completely different than anything I've read of K. Webster's. I honestly thought this was going to be another "boy meets girl down at the water, girl can't get out of the water. Boy falls in love regardless, BAM! girl turns boy into merman. WRONG! I was so wrong and man, am I glad I was wrong. Webster sucked me into a story with a sexy merperson, biker and shop girl. Mad Sea is a quick, engaging read. Although there is insta-love in the story, the story line is told in such a way that it's believable. I love that K. Webster didn't write a traditional, boring, overplayed mermaid book. There's a couple twists that I didn't see coming! I'd highly recommend this book to anyone that wants a sexy, steamy, all-consuming love story.

Everyone is raving about this book and with good reason! I loved this short and unexpectedly amazing book. I fell in love with Madden and his sea angel with out a single hitch. This was perfect in every sense of the word. There was nothing I didn't like about Mad Sea except I'm greedy enough

to ask for more. Please! Please! Please let there be a HEA for Jagger and Cassius in the near future

What do you get when you cross a Merman, a biker and a sweet waitress? You get a HOTT short little romance that will blow your mind!!!! Ya know when Forrest Gump says "Life is like a box of chocolates, ya never know what your gonna get"? Well that's kinda like how I feel every time I open a K Webster book lol | I know it's always going to be fantastic, but I never know quite what to expect. Madden and Hali's story had me intrigued from the first page and kept me there throughout the whole book. I just loved the very concept of this story. The writing was fabulous, the story flowed perfectly and the characters were awesome! Although this was sweeter than the last few books Ms. Webster has put out it still packed a little punch of its own and I loved every minute of it.

K. Webster will always be my go to author when it comes to her books. She continues to write stories that attract me despite the book not being a genre I would normally read. I haven't read any books about Mermaids but after reading 'Mad Sea' I think I will give another one a try. This story was interesting, sweet, short and a very good read. The characters were all interesting and everything seemed to work in the world that K. Webster created-MC club meets the sea. Overall, a very good pace with excellent characters. Madden and Hali will unite in a way that was surprising. Good read indeed

This was my first Mermaid read, and I loved it! I do hate that it was a Novella, because I wanted so much more, and I also wanted it to not feel as rushed. I debated giving this 3 stars because it felt so rushed, but that is how most novellas are since they are short, and I knew going into this book it would be short. So 4 stars it is! Go, K!
