# Payne (The Soldiers Of Wrath MC: Grit Chapter Book 3)

## Synopsis

Vicky is in love with Payne. But Payne is a complicated man, and she knows he only sees her as a warm hole to relieve himself in. The heartbreak over that is real, but she loves him too much to stop what they share. Payne and Vicky are explosive in bed, and he doesn't want that to stop. But he also won't admit how he truly feels for her. Maybe he's a bastard for keeping his mouth shut, but he doesn't want to ruin what they have by saying anything. Keeping her at a distance, and only having her by his side when they are between the sheets is what's best for both of them. When Vicky finds out she's pregnant with Payne's baby, she knows she can't stay with a man that doesn't want a commitment. Leaving is the best option for her and her unborn child. When Payne finds out Vicky left, he realizes how badly he screwed up. Now he'll do anything to bring Vicky back, and make her his old lady. She's it for him, and he'll prove that to her any way he can.

## Customer Reviews

Ok, so I read Beast, even though I'm not into the step sibling romances & it was good. Not my

favorite Crescent/Snow, but pretty good overall. I did not read King. I don't know, the reviews I read made me think I wouldn't enjoy it. I'm not into mouthy, slutty, disrespectful leading ladies. So Clara was not someone I cared to much to read about. With that being said, starting Payne I was a bit out of the loop on the whole Payne/Vicky relationship. Her being a previous club whore was a huge turn off for me. I couldn't get that fact out of my mind. Her actions where those of a weak woman, not someone I would pair with the president of a club. She sure as hell is no Deanna! Payne was also a weak president. He let Clara disrespect him several times. King couldn't control her either. She obviously wasn't taught that the club comes 1st. That she us loyal to her man & the club before her friend. That took away from the story as well. The original Soldiers of Wrath stories were so good! I feel let down by these Grit Charter ones. The girls from the original charter are so amazing, they're the innocent to their men's naughty. These Grit girls are just plan dirty, except for Bridget. But Clara & Vicky, heck yeah. From the hints in this book, maybe Smalls will find a "good girl", one who hasn't been around the block with his brothers a few times or just in general. I'm not a fan of menage books, but I'll pray Grim & Reaper end up with someone better than a whore as well. I personally would not recommend this book. I'm never going to read King because I can only imagine how much worse of a character Clara is in her own book. If you simply must read a Grit Charter book, read Beast or wait for Smalls story or if you're into menage stories, look for the twins' story. This one is so not worth the time or the \$2.99.

After King I needed Payne and Vicky's story like yesterday. And I have to say Sam & Jenika did justice to theirs story. Though, I would liked a little more strain between them at the begging before Vicky making the run. What can I say? I love drama. Lol. But in all it was good. Loved how Payne opened his other side for Vicky. He was still rough around the edges, possessive alpha male but he also become sweet and caring. Payne let himself to show his love for Vicky. It was amazing to see his hard-core biker side interflow with softer one. And like with Paynes book, I need the next one like yesterday, after those few little snippets about other members of the club.

I should have known better than to pay money for a book that uses "just a warm hole" in the blurb. That doesn't scream quality. It screams creatively bankrupt. This is not a book I would have spent money on but if you see a free copy to take to the beach, it is ok enough to pass time with. It won't touch you or make you feel the after effects the next day.

When Vicky up and leaves Payne without so much as a goodbye, he loses it. He doesn't

understand how she could just leave him. But when he has to face the truth that he hurt her by not claiming her and now must face his feelings, the hurt begins. Vicky loves Payne with everything she has but when she finds out she's pregnant and believes Payne won't want her she runs. But when he does catch up with her the true fight for love begins.

I love this series. Vicky makes a discovery...and it will change everything between her and Payne. Instead of hanging around waiting for his reaction....she takes off....and hides from him. Sometimes it takes a person leaving, to realize what you want and need to live. When Payne finds out Vicky has left, he stops at nothing to bring her home love all these books, and each one gets better and better!!!!

This was a quick read, mainly because this book is a continuation of the series. A lot of background and relationship was established in the previous series books. There are a lot of misunderstandings between them and our hero puts in a lot of work to show that he's vested in this relationship and that he wants it to go further and deeper.

This was a short MC story. No violence just a biker going after the woman he loves. I enjoyed the detour of violence. That is usually in these MC books. Good to see the other side of these hard men. Looking forward to the next story line. Hope it's the twins. Mimi

I loved reading this. The story is so sweet, even if we are reading about a badass MC. You can't help but love these men and their women. Together for each other and the other MC members no matter what. It's a great series. I am looking forward to more.
