Synopsis

Â NEW YORK TIMES BESTSELLERÂ AN ENTERTAINMENT WEEKLY BEST BOOK OF 2016 SO FARÂ Â • Ms. Straub writes with such verve and sympathetic understanding of her characters. . .[An] entertaining novel. . .Â deftly and thoughtfully written.â • â “ Michiko Kakutani,Â The New York Times • œtâ™s • ^Friendsâ™ meets • ^Almost Famousâ™ meets the beach read youâ™ll be recommending all summer.â • â “TheSkimmâ œStraub serves up a perfect slice of the zeitgeist with this entertaining novel about former college bandmates raising their precocious children while grappling with marital tensions and midlife crises.â • Â â “People, Named one of "Summer's Best Books" From the author of the New York Times bestseller The Vacationers, a smart, highly entertaining novel about a tight-knit group of friends from collegeâ ” and what it means to finally grow up, well after adulthood has set in. Friends and former college bandmates Elizabeth and Andrew and Zoe have watched one another marry, buy real estate, and start businesses and families, all while trying to hold on to the identities of their youth. But nothing ages them like having to suddenly pass the torch (of sexuality, independence, and the ineffable alchemy of cool) to their own offspring. Back in the band's heyday, Elizabeth put on a snarl over her Midwestern smile, Andrew let his unwashed hair grow past his chin, and Zoe was the lesbian all the straight women wanted to sleep with. Now nearing fifty, they all live within shouting distance in the same neighborhood deep in gentrified Brooklyn, and the trappings of the adult world seem to have arrived with ease. But the summer that their children reach maturity (and start sleeping together), the fabric of the adult lives suddenly begins to unravel, and the secrets and revelations that are finally let looseâ ”about themselves, and about the famous fourth band member who soared and fell without themâ ”can never be reclaimed. Straub packs wisdom and insight and humor together in a satisfying book about neighbors and nosiness, ambition and pleasure, the excitement of youth, the shock of middle age, and the fact that our passionsâ ”be they food, or friendship, or musicâ ”never go away, they just evolve and grow along with us.

Customer Reviews

What it's all about...Elizabeth and Andrew...Jane and Zoe...friends and bandmates in college at Oberlin years and years ago...find themselves living in the same 'hood in NYC. Lydia...a former bandmate has died but some Hollywood types want to make a movie about Lydia and the band...Kitty's Mustache. The book is sort of a then and now kind of novel about past and present lives and relationships. Andrew and Elizabeth are married and have a quiet son named Harry. Zoe and Jane are married and have a wild daughter named Ruby. It's the summer after Ruby's high school graduation and life is chaotic at best. Ruby is a mess...Harry is a mess...Andrew is a mess...every character seems to be experiencing some turbulence. Relationships are questioned over and over again with both good choices and really awful choices being made. Why I wanted to read it...I loved this author's first book...The Vacationers. That's why I wanted to read this one. Plus I love books that take place in NYC...and this one does. This book was a foodie's delight. Jane and Zoe owned a restaurant and Jane was always thinking about and prepping food. When Ruby was hungry...Jane toasted some great bread...opened some fresh avocado...spread fresh avocado and olive oil on the bread...and plopped a freshly fried egg on top of it all...OMG...I want that now! What made me truly enjoy this book...I loved the writing. I loved the characters. I loved their unique situations. Harry and Ruby were experimenting...Andrew was sort of wiggling out...Elizabeth was questioning...Jane and Zoe were floundering and lost in their relationship...what was going to happen to everyone...could they find their way back to a happy place? Why you should read it, too...
