Customer Reviews

Let me start off by saying I love most of this writer's work. That being said, this book let me down. I loved some aspects but they weren't fleshed out enough. I'm gonna try to explain with very little spoilers... There was a scene toward the end that should have been devastating. I should have been bawling. But I didn't. I was fleetingly sad and quickly shocked out how fast Nikki bounces back from what should have shaken her entire world. The relationships weren't delved into enough, and the

connections seemed sorta pulled from midair instead of backed up by events. Especially the relationship with who she ends up with in the end. I was always rooting for him, but I didn't quite grasp how Nikki fell into his arms again. I felt like there should have been more parts where he was trying to win her back, or even more quick blips where they had meaningful moments. SPOILER!!!! And what the heck?! At the end it's just thrown in that she was his wife in a past life after-all? It's just sorta passed over like it's nothing. That was a huge story line that could have been furthered and it was just left dangling. In the end I felt like the writer was anxious to end this series, had an idea on where she wanted to go with it, and just rushed it. I just wish there had been more oomph.

I have to say that this book completely had me in emotional turmoil. I was elated to find out that certain things that happened in the last book were totally not what they seemed to be. I couldn't read this book fast enough. There was a lot to digest but it was so well written. My heart broke for what happened to Duncan, I had to walk away for a few minutes. I felt like being a part of the story and my heart was ripped out too, I cried along with Nikki. He was a great guy and a wonderful character. I also loved Martin, I would love to read a series about his continued search for his love, Emily. He was a true good guy. Nathan, no matter what always made me smile. He just took things in stride. Things between him and Celeste finally came to a head, luckily for him he wasn't killed and I guess the same can be said for her too. I kind of never liked Celeste but as Anne discussed later in this book, she had some serious issues prior to being turned into a vampire/roamer. So, I felt a bit bad for her but was glad she had her brother. This book really pulled everything together and everyone had to endure a lot emotionally and physically but it ended in a beautiful way. The last few chapters were a bit rushed, at least it seemed that way to me. I kind of wished to read more about the "six months later" but it still was wrapped up properly. I'm still so glad I took the chance to read "Blur" I feel the author really began to develop the characters and the incredible, insane, paranormal story more so with each book after "Blur" I only have one minor issue, I'm in no way a writer or being critical, but the word "holler/hollered" was used a lot...lol. Thank you Kristen Middleton for this insane journey that was so hard to fathom but considering the paranormal world you created, I'm guessing there's so many possibilities :) This series will always be on my favorites list and when I need a refresher, I'll come back to "Shore Lake" as often as possible~

I was left with a lot of unanswered questions.....like what happened when Rena realized that Max was missing? was he really dead? why was Celeste allowed to live after all she had done? The

most important was why kill Duncan? He was better suited for her, in age and maturity and she met him first!! They had more in common and less baggage, no matter how sugar-coated in the end, he loved Nikki for herself and no one else.

I loved the book it was so worth the wait... I loved the whole series. I cried at the end and was so happy with the ending, wish it was a little longer and wish there was a wedding but I guess that is my selfishness.... I define toy loved this book.... Happily ever after, ** little spoiler alert ** she so ended up with the right guy.....

OMG I don't have the words to describe how much I absolutely LOVE this series!!!! One of the best I have ever read!!! One I am gonna read again and again :) would recommend to everyone especially us vampire (roamer) lovers!!

This is the forth and last book in this series. I enjoyed this book. I recommend that you read the full series. The book was written well with only a few type-os. It was fun to have my conclusion confirmed that Ethan was being held prisoner, whilst Faye impersonated him. Vampires, shapeshifters, lycans, werewolves this book has it all.

In this 4th book in the Night Roamers series Nikki, Nathan and Duncan are surrounded by deception, lies and death. What you see, or in this case, who you see is not necessarily the person you think it is. Can Ethan convince Nikki that he's innocent and trying to help or will he turn on them again? This book was filled with heartbreak, betrayals and death. Awesome book.

This was the final book in the Night Roamers and it really threw me! I love how Kristen redeemed some characters and made it all work in the end. The only complaint I had was the ending felt rushed a bit but definitely worth the read and the whole series is worth reading.
