# Caught On Camera (The Davenports Book 1)

## Synopsis

Beautiful Vega Zaragoza was poised to become fashion's next "it girl" when she learned the hard way that sex and politics don't mix. Now the former model spends her days behind the camera, working as a videographer to hide from public scrutiny. Her life is on autopilot until a promising new job sparks her ambition. There's just one catch: she must land an exclusive interview with JP Davenport, the golden boy of American politics and first in line for Georgia's open senatorial seat. Charming and gorgeous, JP is also fiercely private, a charismatic enigma with his fair share of secrets—not to mention a string of romantic conquests a mile long. He could make Vega's career, or destroy what credibility she has left—because JP has made it very clear that his interest in Vega is anything but professional. Vega should know better than to trust a man like him. But kiss by heated kiss, she discovers this man may be worth the risk.

## Customer Reviews

After a political scandal derailed her promising fashion modeling career years ago, Vega Zaragoza changed her name and began working as a videographer for a television station. She wants to move up in her career, but her next step is contingent on landing an interview with the golden boy of

an American political family, Jackson Parker "JP" Davenport, Jr. With JP rumored to be named to an open senate seat, Vega has to approach the man and convince him to do the interview. When he turns his famed charisma on her, she finds herself falling under his spell. He clearly wants her in his bed, but if she gives in, will her notoriety come out and ruin his career before it's begun? JP is following in his late father's steps to please his mother, well aware that he is the "chosen one" to some day run for president. He finds himself smitten with Vega, despite the fact that she tries to blend into the wallpaper whenever they're in public. JP should just move on and concentrate on his future, but he can't forget about Vega, and soon neither can deny the passion that's between them. JP finally agrees to the interview with the station, but only if Vega is the one doing it. They're soon thrown together more than Vega wants. What will happen when JP learns around her sordid past? CAUGHT ON CAMERA is a quirky, fun romance that is fresh and enjoyable. Vega reinvented herself after a scandal destroyed her career, and she's perfectly content to remain behind the camera. Getting involved with a man whose every movement is recorded and reported isn't what she wants, yet she can't deny the sizzling attraction for JP Davenport. Vega's bosses are threatening to let her go unless she comes up with the exclusive interview with JP. How can she tell her bosses she's afraid that she's falling for her subject?
