She and the man of her dreams both come from the same clan of the Touch Kindred. By the archaic laws of their people, they are too closely related to be bonded. Customer Reviews

I admire how Evangeline manages to make me scream one minute, cry the next, and want to commit murder the next. I have been caught up in the Kindred stories since the first book. I liked that she gives her readers a nice long read and keeps the prices down. So many writers I've tried

recently want twice as much money and you are lucky if you get 100 pages most of which are sex. This book tells the story of a touch kindred. A branch that isn't accepted very well by the others. I can't help but wonder what other branches might be out there for future discovery. This one deals with the quest by Lissa and Saber to get back the scrolls that the evil priestess sold for her nestegg. Of course the scroll is on a planet that the kindred avoid. This is without doubt the most cruel planet we've visited so far. Men are subjugated, raped, tortured and eventually [it is implied] killed as a result of the torture. Now it is obvious that the whole trip is designed to push the two into re-examining the taboo that has kept them apart. I know some people are writing that it is spicier than her other work. It has some kink, but for me wasn't spicier. But I don't read for the sex but for the building relationship. There are 2 things that really wish had been different, I wanted the torturing witch on the planet to get paid back for how she tortured that poor boy, and I felt the secondary story with L was rushed. Her afterword explains that. Personally I wish instead of releasing this so quickly that she had reworked the end and has L's story wrapped up in the next book. Also since she writes m/m as well, rescue that poor boy and find him the only gay kindred in the universe to look out for him.
