# **Pursued Brides Of The Kindred 6**

## Synopsis

Elise is fractured inside, stained by a past she refuses to remember. Merrick is scarred both inside and out, a half-breed with a brutal background, at home nowhere in the universe.Now they are tied together by an unstable bond which could kill them both.Their journey will take them to the lawless planet of Rageronâ "the wildest of all the Kindred worlds. There, in the deep blue jungles of an alien world, Elise must bare her soul and relive the horror that nearly killed her. Can she and Merrick make each other whole or will Elise run from her pain? If she does, Merrick cannot help but chase herâ |Elise is being Pursued.This is the 6th book in the Brides of the Kindred series. You will need to read Claimed, Hunted, Sought, Found, and Revealed, also by Evangeline Anderson in order to understand it.

### **Customer Reviews**

Pursued is the sixth installment of this wonderful series. This one is mostly about Merrick the hybrid Kindred warrior, and Elise, the last human victim of the All Father whom he rescued from oblivion. I will NOT go into the plot or give away any details, but I will say that this story takes off right where

REVEALED ended. Pursued is a GREAT read because of the following reasons:FIRST: I LOVE how this book is NOT a "novella" (like some authors put out there for bigger \$\$ for a handful of pages), it is a full blown, FULL LENGTH, E Ticket ride of a book, as is all the others in this series. Involved, well written and good mix of HOTNESS along with a GREAT STORY to back it up.SECOND: Pursued is a great mix of HOT (you know what I mean) and STORY, without one trying to overtake the other. You don't get over or under on the HOT part or the story, just the right combo.THIRD: YES, you need to read the others in the series to fully appreciate and "get" this story.#1) CLAIMED (lays the groundwork and base of the story, and a great read)#2) HUNTED#3) SOUGHT#4) FOUND#5) REVEALED#6) PURSUED (this book I'm reviewing)FOURTH: I liked that the author wrote disclaimers at the beginning of this book, warning of a sensitive subject matter that my upset some readers. This warning is up front and shows she really cares about her readers. Giving them the choice.FIFTH: Merrick and Elise are the focus of this book, but there is still the same characters we've grown to love scattered throughout this edition and their continued trials, tribulations and interpersonal relationships that are always intersecting to keep everything going and moving along and maturing.

After being introduced to Merrick and Elise in Revealed: Brides of the Kindred 5, I anxiously awaited the next installment, Pursued: Brides of the Kindred 6, which would tell their story and ultimately their HEA--I was not disappointed! I read the book in one sitting--it's sad... I know. "Moderation" is a foreign concept for me; I am definitely due for an intervention. =:-)What can I say about the newest Kindred male? Merrick is the epitome of a strong and silent Uber- Alpha Kindred Male... Let's face it- the former mercenary had qualities (i.e. decisive, steadfast, considerate, honorable and gentle, etc.) that readers \*swoon\* over without becoming a sappy personality. His back-story was consistent with and clearly defined who, why and how Merrick became the blunt/direct/no nonsense persona, we, the readers met in Revealed and have come to know in Pursued.BTW, Merrick has become my favorite character, next to Sylvan, Deep and Baird. In the spirit of full disclosure, I will wholeheartedly admit among other things associated with Merrick's "uber-alpha maleness"--that the "technical demonstration in the viewer" solidified his position as Top Kindred (for me =;-). Elise was a good match for the Hybrid Kindred male. As an attorney she was used to fighting for causes- which made their pairing seem plausible. Elise was not the typical damsel in distress which was somewhat refreshing to read; I liked how she was an integral and indispensible partner during their quest to the jungle of Rageron.Ms. Anderson's world building for this series is absolutely intriguing. I love how each book takes us to another part of the universe with its own unique histories, ecologies and

cultural nuances.

I didn't have high hopes for this one after the saccharine sweetness of the last book. However, I was somewhat surprised at how much I enjoyed it. The "throw my kindle at the wall" moments were few and far between. I like Elise and Merrick both as individuals and as a couple. Even through all of their angst and hardships, they were very open about their feelings towards one another with very little denial. Elise is dangerously close to being my favorite heroine of the series (not like that's saying much considering how awful some of them are) simply because she was willing to go out on a limb for Merrick, and she had a few other brave moments too (usually following her stupid ones...the girl makes some stupid ass mistakes but I could kind of empathize with her, at least). It's nice to see a little equality in the Kindred/Human relationships, rather than the Kindred male constantly putting his life on the line and being a supplicating wimp to his chosen bride. I felt like Elise earned her man in this, and that was nice to see. Merrick wasn't so different from the past heroes that Anderson has written, but his "tortured soul" won me over pretty easily. I liked that he was a bit rougher around the edges and didn't come across as overly sex-obsessed (unlike the boring BAIRD who I tired of after ten pages or so.). I also liked that he wasn't extremely overbearing, which I have a low tolerance for in characters. There were still problematic bits. While the storyline is escalating it's also almost a carbon copy of the prior one with the All-Father, and as well, it could be seen as a combination of Hunted with Planet X. It's as if she's ripping off her own stuff. Maybe ripping off is too strong of a word, but she's definitely written similar storylines to this before, in other books.
