Synopsis

Erotic Paranormal Romance Author Note: Edition 4 was uploaded on June 3, 2015 with revisions to remove the detail in a potential trigger scene. As one of the twelve Guardians, Urian has spent the last several centuries in a constant battle to keep the inhabitants of Earth's Realms under control. Humanity has to evolve, hell beasts need to die, and Immortals need mates. But lately, Uri's mind is overrun with thoughts of when his sexy voyeur will find him again, watching him from the shadows, continuing their wicked game. All Guardians are forbidden contact with the little goddess and her brothers, but his need for her escalating, he finds it increasingly difficult to keep from pinning her down on the nearest surface and making her his. Alexandra has managed to evade the Guardians and being cast out from the human Realm for centuries, ever since the Creators sent the Gods to sleep for their sins against humanity and banished all Immortals. Always sensing that she was needed on Earth, only once has Alex gone against her instincts and the price she paid will forever haunt her. It is for that reason she forces herself to stay away from the only male who has ever truly enticed her. The only one who has ever made her long for what she knows is dangerous. In a desperate need to help her beloved brother, she will have to go to the enthralling Guardian, her dark obsession, and even though he will surely attempt to exile her, she won't go easily. | Warning: This book contains explicit and sizzling sex scenes with big dominant males. Customer Reviews

When I first started this book, it didn't really flow for me. Yes, there's plenty of heat but until Alex first makes personal contact with Uri a bit later in the story, things are a bit slower as a lot of world building and teasing to heighten sexual tension goes on. BUT from the moment Alex goes to Uri to ask for his help all the way thru to the end of the book, everything becomes an unbelievably wild ride and you're not going to want to get off (of the ride yes, I just went there). The world Setta Jay has constructed is incredibly thorough, complex, and I love how the Greek gods of our history are the basis of this world but in a way that you've not seen them before. I found the foundation of the story (so in turn, of the whole series) fascinating and I was completely drawn in even in the early portions of the book that moved much more slowly for me. The characters are complicated and extremely well developed. Even those that don't get a lot of page time in the story will catch your attention and have you curious as to their stories. As for our main characters, Alex and Uri, a more perfectly matched duo would be hard to find. There's just that pesky complication that he should be exiling her from the earth realm on sight-so now you have a forbidden matchup to boot. Alex is a strong woman-both physically due to her demigoddess heritage and mentally-and can be a force to be reckoned with when she's protecting those she cares about.
