"Of course it is escape fiction, but it's very good escape fiction..." - FIVE STAR Reader Review SOMETIMES THE PERSON STANDING IN YOUR WAY IS YOUR ONLY HOPE...As the director of the Port Provident Animal Shelter, Becca Collins had devoted her life to helping the furriest residents of Port Provident. When a special Labrador retriever, Polly, needs her help on the eve of Hurricane Hope, Becca can't say no--even if it means she'll have to ride out the hurricane on Provident Island. When she shows up on the doorstep of local veterinarian Dr. Ross Reeder, Becca throws a wrench into Ross' plans to evacuate himself and his combat-weary former Army dog, Cookie. Ross and Becca are used to disagreeing with one another, but they soon realize the only way they're going to survive the wrath of Hurricane Hope is to put their differences aside and work for the good of the animals who depend totally on them. As they discover they have more in common than they thought, they work to rebuild the Texas beach town where they've both put down roots. But then Becca learns secrets about her past that threaten to change the whole direction of her life. As she struggles with love, faith, and lies, will she still need the shelter she's found in Ross' arms or will the aftermath of the storm take away everything they've worked to build? HURRICANE HOPE: ONE STORM CHANGES PORT PROVIDENT FOREVER...AND FOR GOOD. Port Provident is a Texas beachside community you'll want to call home again and again. With compelling, well-developed characters that make you care about them and their journeys of the heart and faith, the Port Provident series is a clean and sweet contemporary romance treat. #### **Customer Reviews**

Becca, who runs an animal shelter, and veterinarian Ross have always had an adversarial relationship, but they unite during a hurricane to care for needy animals, and become friends--and more than friends.(Though reviews are inherently subjective, I prefer to provide some organization to my opinions through the use of a personal rubric. The following notes may contain spoilers.)Plot and Setting: 4 -- Plot has unique elements and no major holes, but a few shaky bits. Setting is clear and believable, with only minor inconsistencies. Timeline may be a bit hard to follow (vague on how long the recovery phases took).Characters: 4 -- Main characters are relatable, realistic, interesting, and dynamic. Minor characters and villains may be slightly stereotyped or simplified. I did dislike how Ross pulled away so sharply from Becca, without even seeking a real conversation about it.Writing and Mechanics: 3.5 -- A handful of typos, punctuation issues, or word errors, but nothing

that seriously hinders understanding. Generally solid use of POV, with a few errors. Generally skillful writing. Ross is called Pete twice in 2 paragraphs. Insurance guy is mostly called Billy, but sometimes Bobby. One scene that was either head-hopping or just poor writing. A few shaky places that were a bit confusing nearer the end.Redeeming Value: 4.5 -- Partially focused uplifting themes. Major focus on surviving the storm, secondary focus on Becca learning that people aren't all as selfish as she has experienced, especially when their foundation is a loving God. Sex, alcohol, violence, etc, are not glorified at all.Personal Enjoyment: 4 -- I liked it a lot. Highly enjoyable and very entertaining, with perhaps an issue or two that tempered my pleasure. Iâ ™d enjoy reading it again.

Really enjoyed this book! A lot of great moments, and I really loved connecting with the characters. I look forward to reading more books by this author.

Love this story about Rebecca who runs the animal shelter and Reed who is the town vet and also on the board of the animal shelter. Before the storm, Rebecca and Reed were not friendly toward each other. During the storm they both get stuck on the island. They become closer through helping out the town animals that were left behind. Love the bible quotes and Christian values in this book. Glad that Rebecca found the strength to help during her struggles in this book. The dogs sound so cute also in this book.

This was a quick and sweet story. The chemistry between the characters was fun, though the insecurities suffered by Becca, had me, stopping to remember where she was coming from. The sense of community and their love for the animals, had me, cheering through, the whole story. This was a quick read, but if you are waiting for something or someone, this one offers a sweet escape

A sweet story of two people who think they are complete opposites and find that they have the same values and hopes and dreams. The mother showing up after the storm was a weak spot in the plot for me, but otherwise, I enjoyed the romance and appreciated the Christian message.

This is a very good book. It is a good clean story that has some Christian values throughout it. It is an easy read that is appropriate for all ages. I highly recommend this book. I can't wait to read the rest of the series. I enjoyed the story. It's about learning to trust and ask for help while still being independent and not to judge people before you really get to know them. I love any story where dogs are involved and it threw in an eventually love story to sweeten the deal.

Good story about a vet and the director of an animal shelter during and in the aftermath of a hurricane. Cats and dogs can sometimes get along but Dr. Ross and Becca get along? This is part of the Port Provident: Hurricane Hope series but can be read as a stand alone.
