No Time For Goodbye

Synopsis

Fourteen-year-old Cynthia Bigge woke one morning to discover that her entire family—mother, father, brother—had vanished. No note, no trace, no return. Ever. Now, twenty-five years later, she'll learn the devastating truth. Sometimes it's better not to know. . . . Cynthia is happily married with a young daughter, a new family. But the story of her old family isn't over. A strange car in the neighborhood, untraceable phone calls, ominous "gifts"—someone has returned to her hometown to finish what was started twenty-five years ago. And no one's innocence is guaranteed, not even her own. By the time Cynthia discovers her killer's shocking identity, it will again be too late . . . even for goodbye.

Those familiar with Linwood Barclay's previous novels, take note: NO TIME FOR GOODBYE is quite a different work for him. There is not a trace of good old Zack Walker here, though protagonist Terry Archer, a high school English teacher, could be decent buds with him should their paths ever cross. While the Walker books --- BAD MOVE, BAD GUYS, LONE WOLF and STONE RAIN --- were suburban caper novels, occasionally bordering on the comedic, NO TIME FOR GOODBYE is the stuff of nightmarish mystery. Terry Archer is married to Cynthia Bigge, a woman with a past. Cynthia was a semi-rebellious 14-year-old when her family vanished overnight from their suburban Connecticut home. She had it better than most would have in such circumstances, being taken in and raised by a loving aunt and later meeting and marrying Terry, a supporting husband who truly loves her even as he is occasionally plagued by her understandable overprotectiveness of their

daughter and his fleeting self-doubt over Cynthia's story. Things come to a head, however, when a television news magazine does a feature on the mysterious, long-ago disappearance of Cynthia's family. Cynthia suddenly feels as if she is being followed; she sees a man at a shopping mall who, she is certain, is a grownup version of her missing brother; and her father's trademark fedora is found resting on their kitchen table. Terry is not completely sure that his wife isn't perhaps making some of it up, as a secondary symptom of some serious emotional problems. His love for her is such, however, that he gives her the benefit of the doubt.
