## Synopsis

Deacon Douglas has it all. A loving home, good looks, a fast track to the major league. But then he makes a mistake. A mistake that would derail most, but not him. He takes the challenge, turns the mistake into another accomplishment. His life is altered for the better. Saylor Lewis is just a girl. A girl she doesn't even know. Always the good girl, never rocking the boat, never living for the moment. Until she attends college out of state. Her world is wide open; she's hidden away. He wants her. She just wants success. She fights. He fights harder. He fights dirty. They each have an endgame . . . will it be each other?

## Customer Reviews

Most authors these days are writing books about fate. This author however, nailed it! Saylor Lewis has had a rough life. Her parents split up when she was about eleven years old. She spent every other weekend with her dad eating cardboard microwave meals while her dad drank, partied and entertained. Now at thirteen years old, she finds out her father is dead. He wasn't a bad man; he just wasn't a good one either. That didn't matter because she at least had a father. Now he's gone and his debt was passed on to her mom Nina. Because of the debt, they have to move from their

home in New Mexico to live with her grandparents in Florida. In time, her mother's debt was paid and she found love again with Jack. Saylor never wanted to have her new step-dad Jack spend money on her but, she agreed that he would pay the portion of college that wasn't covered by her scholarship. She pulls up to a house that she is renting while she attends college. She is sharing the house with 2 roomies Emberlee and Avery. Saylor and Avery hit it off right away. Her friendship with Emberlee was a little different. Three houses in a row and they were occupied by Saylor and roommates in one, Mason and Caden in the next and the last one was occupied by Deacon. Emberlee, Avery, Adriane, Mason, Caden and Deacon were a close bunch who did everything together. They all grew up with money, vacationed together and even their parents were all very close. Saylor met the 3 guys and immediately was obsessed with Deacon. However, everyone in the group keeps talking about Julie and Saylor realizes that Deacon has a girlfriend. However, Julie isn't his girlfriend....far from it actually. Deacon is just obsessed with Saylor as she is with him.
